VOL. 51—No. 203 JACKSONVILLE, ILLINOIS, SUNDAY MORNING, AUG. 26, 1917 FOURTEEN PAGES—THREE CENTS

CROWDER EXPLAINS RULES GOVERNING MARRIED MEN

Purpose of New Statement Is to Clear Up Misunderstandings

MOBILIZATION CHANGED

Washington., Aug. 25.—At the direct suggestion of President Wilson, Provost Marshal General Crowder telegraphed to all governors tonight a supplemental explanation of regulations governing the status of of married men under the selective service law. No change in regulations is made; and the purpose of the new statement is to clear up misunderstandings which have arisen in which General Crowder described as a "few instances."

Letter to Baker

In a letter to Secretary Baker, quoted by General Crowder, President Wilson states his opinion that the regulation directing local boards "to establish the fact of dependents in addition to the fact of marriage ought not to be abrogated." This leaves the regulations as they are and the supplementary statement is designed merely to make the application of the rules uniform among all boards.

While the statement regarding married men was in preparation, new orders were issued, changing entirely the mobilization arrangements previously made. Congestion of rail traffic and the necessity of making better provision for the reception of the men at the cantonments dictated the changes.

Mobilization Orders

Under the new orders., five per cent of the white men, preferably those with military experience, from each local area, will be started forward to the camps September 5, instead of thirty per cent. They will go in five daily detachments of equal size and form skeleton company organizations.

The next 40 per cent of the quota will go forward September 19, when the second 30 per cent originally was scheduled to go; a second 40 per cent will go forward October 3, instead of the 30 per cent and the remaining 15 per cent will be called up as soon thereafter as practicable.

Local boards are directed to disregard order of liability numbers to some extent in selecting the first five per cent. Men of experience, such as cooks and former soldiers, are desired at that time.

Message to Governors

Following is the text of the message sent to the governors, dealing with the status of married men, prepared at a conference late today between Secretary Baker and General Crowder:

"A feeling has been expressed that, in passing on claims for discharge on the ground of dependents, local boards ought, in no case, to refuse a discharge to a married man or to the head of a family. The law under which local boards act requires that, before such a discharge can be granted, dependency as well as relationship must be established. The matter having been presented to the president the following are his orders thereon:

"'We ought as far as practicable to raise this new national army without creating the hardships necessarily entailed when the head of a family is taken and I hope for the most part those accepted in the first call would be found to be men who had not yet assumed such relations.

"'The selective law makes the fact of dependents, rather than the fact of marriage, the basis for exemption, and there are, undoubtedly, many cases within the age limits fixed by law of men who are married and yet whose accumulations or other economic surroundings are such that no dependency of the wife exists in fact. Plainly the law does not contemplate exemption for this class of men.

"'The regulations promulgated on June 30, 1917, should be regarded as controlling in these cases, and the orders issued under that regulation directing exemption boards to establish the fact of dependents in addition to the fact that marriage ought not to be abrogated.'

Ruling on Married Men

"The attention of this office has been invited to the fact that in a few instances, local boards have certified to district boards as held for military service men whose families are actually dependent upon them for support on the theory that the wife is able to work and should be put to the necessity of going to work to support herself and children. This situation is redressed in the following opinion of the district board of New York City, in which opinion this office concurs, with the understanding that the phrase 'support available from relatives' is support partial or total previously extended to the applicant himself:

"'We do not concur in the view suggested in some quarters that, in case of wife and children actually dependent upon applicant's labor for support, and where there are no other means of support, the wife should be put to the necessity of go-

MARTIAL LAW AT HOUSTON ENDS TODAY

Negroes No Longer in Position To Cause Trouble

County Officials Express Resentment That Men Should be Taken From Their Authority—Indictments Returned Against Forty.

Houston, Tex., Aug. 25.—Tho Houston generally breathed distinct relief tonight that martial law will end tomorrow and that the rioting negroes of the 24th Infantry are no longer in a postion to cause trouble, county officials expressed resentment that the men should have been taken from their authority.

"The fact that they were removed to Columbus, N. M., does not mean that we will not ultimately take a hand in their punishment," said John H. Crooker, district attorney.

"In my opinion the court martial which will be given by the military authorities does not abrogate the report to trial by the civil authorities. Those that escape punishment in the military court will be prosecuted in the courts of Harris county."

Indictfents Returned.

The Harris county grand jury, when it learned this afternon that 34 negroes held in jail had been turned over to the army before daybreak, returned murder indictments against the 34 and six others who had not been arrested.

Alternate sadness and gladness swayed the Saturday crowds in downtown Houston today. There was gladness because the tragedy had passed without any darkening sequel, and sadness because every other hour brought grim reminder of Thursday night's horror in the passage of funeral corteges.

Indications are there will be no more deaths as a result of the shooting and that the total casualties will stand as they were yesterday counted 17 dead and 21 wounded. Two victims lost arms by amputation and a third must have a leg takn off.

Taking Data on Shootings.

Colonl G. O. Cross, inspector-general of the southern department, today began to take data on the shooting. District Attorney Crooker turned over to him the statements of captured negro soldiers that Sergeant Vida Henry, who was killed, was the ringleader and organizer of the raiding expedition.

Troops rushed here from Fort Sam Houston at San Antonio and Fort Crockett at Galveston were sent back to their stations this afternoon.

REST STATIONS TO BE ESTABLISHED

WASHINGTON, Aug. 25—Rest stations and canteens for French and American troops will be established at once in France by the American Red Cross, it was announced today. The war council has appropriated $700,000 to erect field canteens, where hot and cold drinks will be furnished men in the trenches.

At railroad junctions and depots, rest stations will be established for the comfort of soldiers going on furlough.

FORMER PREMIER OF RUSSIA ILL

PETROGRAD, Friday, Aug. 24—Boris V. Sturmer, premier of Russia in 1916, and who was imprisoned in the fortress of St. Peter and St. Paul after the overthrow of the Russian imperial government last March, is dangerously ill. He is reported to be unconscious and his physicians fear there is little hope of his recovery.

Ex-Premier Sturmer, with the late Monk Rasputin and Ex-Minister of the Interior Protopopoff, formerly the trio known as the "dark forces" which aroused the Russians to revolt against the regime of Emperor Nicholas.

GARFIELD TO ISSUE REGULATIONS SOON

Washington, Aug. 25.—Regulations to govern the operation of coal mines will be issued by Dr. H. A. Garfield, the fuel administrator, probably next week. He called into conference today Francis S. Peabody, chairman of the coal committee of the council of national defense, and George Otis Smith, chief of the geological survey.

The federal trade commission is working on a scale of profits for retail coal dealers which it will submit to Dr. Garfield.

Regulation of the production and distribution of crude oil and its products under the food control law was predicted tonight. Altho the government has no power to fix a scale of prices for oils it can require that the industry operate under a licensing system.

MUST CHANGE UNIFORMS

Washington, Aug. 25—Acting on reports that letter carriers at a certain place have been wearing hats similar to those prescribed for use by the army, the postoffice department today issued an order forbiddingg the wearing of a uniform by employes of the service any part of which is similer to a distinctive part o fthat prescribed for the army anvy or marine corps.

PETITION I. C. C.

Washington, Aug. 25—Railroad commissioners of South Dakota today petitioned the I. C. C. to put into effect revised freight rates on grain and grain products from South Dakota points to Iowa destinations, removing an alleged discrimination in favor of Minnesota mills.

OVER-SUBSCRIBE SHORT TERM CERTIFICATES

WASHINGTON, Aug. 25.—Heavy over-subscriptions of the treasury's latest offering of short-term certificates issued in anticipation of the second Liberty Bond issue was announced tonight by Secretary McAdoo. Today's issue, $50,000,000, brings the total thus subscribed up to $500,000,000, the previous issue, $300,000,000, having been oversubscribed.

The subscription, one of the two certificates of offerings made in advance of the first Liberty Bond issue, is regarded as presaging a larger offering of Liberty Bonds in the second issue than the $2,000,000,000 of the first issue.

DISCUSS WAR TAX BILL PROGRAM FOR NEXT WEEK

Subject Not Taken Up in Senate Saturday

Material Amendments of Bill are Regarded Certain — Will Consider Postage Tax Sections First—War Tax Profits Will Also Be Brought Up Again.

Washington, Aug. 25.—Preparations made today by senate leaders for next week's discussion of the war tax bill, presaged one of the most determined and spectacular struggles of the war.

The bill was not taken today, the senate recessing after a brief session until Monday. Material amendment of the bill was regarded certain with the amount of tax increased expected to be the crux of next week's contest.

Consideration of the postage tax sections, scheduled for today, went over until Monday. By Wednesday these sections, including the special income tax on publishers and various printers for increasing second class rates, will be out of the way.

The war profits section of the bill, Senator Simmons stated tonight, is to follow the postage sections and on Monday or soon thereafter he plans an effort to have a definite date fixed for a vote, both on profits and the entire bill. Final passage by next Saturday is hoped for.

A group of senators prominent in the fight to place higher tax rates on war profits, including Johnson, of California; LaFollette, Borah, Kenyon and others, today decided to make a determined effort along that line.

Individual amendments will be offered to levy a maximum flat rate of eighty per cent on war profits, scaled downward to the largest amount the senate will accept. The bill provides a levy of about 26 per cent, estimated to return $562,000,000.

Finance committee leaders were concerned over the situation and planned to line up the senate membership as far as possible to prevent any drastic increase and also toward expediting action on the bill.

LOWDEN GETS ORDER FOR MOBILIZATION

SPRINGFIELD, Ill., Aug. 25—Precise instructions as to how Illinois national army troops are to be mobilized at cantonments were received by Governor Lowden from Provost Marshal Crowder today. In the message the governor was charged with the responsibility of bringing about the orderly entraining of the men and of caring for them enroute.

The order of the provost marshal said one-fifth of thirty per cent of the Illinois quota would be entrained each day for five days beginning Sept. 5.

THREATENS TO REVOKE MINERS' CHARTERS

SPRINGFIELD, Ill., Aug. 25—unless the miners of the six coal mines in Illinois, still idle as the result of the strike of drivers and day men, resume work by Monday their charters will be revoked Frank Farrington, president of the state miners' organization, stated today.

Mr. Farrington said whereas 140 mines were shut down last Saturday only half a dozen were now idle.

It is understood that miners' officials will attempt to arrange a wage conference with operators whereby day workers will be given an increase in wages as soon as all mines are in operation.

MISSING ENGINEER FOUND IN CORNFIELD

Bloomington, Ill., Aug. 25.—Chas. McGown, engineer of the freight engine that crashed into a Big Four passenger train Thursday night at Mansfield, Ill., causing the death of two persons, was found last night wandering in a cornfield near Mansfield in an apparently abnormal mental condition. Today he is under surveillance at his home in Urbana.

McGown is said to have held himself responsible for his train having passed a flagman stationed a mile back of from where it struck the passenger train. After the wreck he is said to have threatened to kill himself. Friends had searched for him since his disappearance early Friday morning.

AVIATOR INSTRUCTOR KILLED

Paris, Aug. 25—While Major Jacquin, head of an aviation school was giving a lesson in an airplane 1,000 feet in the air yesterday, a pupil's machine collided with his. The major was struck on the head and killed instantly. The pupil was unhurt.

WILL NOT PARTICIPATE IN CONFERENCE

Lisbon, Aug. 25.—The Portuguese socialists have decided not to participate in the Stockholm conference,

FOOD ADMINISTRATION DENIES PRICE FIXING

Hoover Reported Trying to Put Price On Wheat

Senator Gronna of North Dakota Charges Administrator With Trying to Influence Committee Headed by Garfield—Will Recommend Price Next Week.

Washington, Aug. 25.—The food administration today denied reports that Herbert Hoover is attempting to influence the price-fixing committee headed by Dr. H. A. Garfield to put a price of $1.65 on the 1917 crop of wheat, and gave out copies of a telegram sent by Mr. Hoover to a North Dakota newspaper which declared the food administrator was offering no suggestions as to price.

Mr. Hoover's telegram was in reply to one from Representative Young of North Dakota, which concluded:

"Anything we get above $1.65 a bushel will be on account of clenched fists shaken in the faces of Garfield and Hoover."

Hoover's Message

Mr. Hoover's message declared the farming interests have a majority representation on the price-fixing committee and that its membership is made up of men in whom the whole country has confidence.

"My duty is simply to see," said Mr. Hoover, "that the farmer receives a fair price, whatever that may be, and to see that the consumer obtains his bread without the speculative profits in between the farmer and the consumer which maintained over the first half of this year."

The Garfield committee, it is understood, will be ready to recommend a price by the middle of next week. Rumor puts this price at slightly more than $2.

Gronna's Statement

Government regulations of wheat prices was discussed today in the senate. Senator Gronna, of oNrth Dakota declared that the food bill has had a ruinous effect upon the grain production, and instead of stimulating had restricted it.

Senators Brady and Newlands urged members not to be hasty in their criticisms of the food administration.

Senator Gronna in reply, protested against the government taking over control of the 1917 wheat crop.

"The farmers of North Dakota and neighboring states have been urging that gambling and speculation in wheat be stopped, and now that it has been, they are not satisfied," interrupted Senator Nelson of Minnesota.

A telegram from farmers in Montana urging that unless the government fixes a price of $2.50 a bushel for wheat the result would be ruinous for them was read by Senator Myers.

MONTANA FOREST FIRES PLAYING GREAT HAVOC

Flames Threaten Many Valley Settlements

Three Hundred Men Isolated for Day Make Way Out of Hills and Renew—Missoula, Mont., Streets Powdered With Ashes.

Missoula, Mont., Aug. 25.—Three hundred men isolated in the Bitter Root mountains yesterday when a forest fire cut across their pack trail, made their way out of the hills late today and tonight are making ready to renew their attack on the blaze which now threatens Lolo Hot Springs and even the valley settlements of Lolo and Woodman. The men had to fight their way out of the blazing woods as best they could, leaving clothes and tools behind.

Missoula scarcely saw the sun today and the streets tonight were powdered with white ashes and blackened pine needles. Fierce fires are burning to the south, north and east, and tho 3,000 men are in the field, the forest service has but slight hope of checking the flames without the aid of rain. Government timber stands of great value have been already destroyed.

Homesteaders in the Black Foot Valley are menaced by a blaze which broke over bounds near Seeley Lake last night and at last reports was beyond control. Automobiles were dispatched today to bring in fifty four Missoula boy scouts camping beside Seeley Lake.

Worn out by two weeks of labor, 200 fire fighters were brought in from Idaho, where they had subdued bad fires, to be sent into the western woods.

Two serious fires on Gold Creek, two in the Flathead forest in northwestern Montana and the Lolo and Blackfoot fires were out of control tonight.

MINERS AND OPERATORS SIGN AGREEMENT

KNOXVILLE, Tenn., Aug. 25—Conferences here between representatives of district No. 19, United Mine Workers of America, and more than sixty coal operators of the Kentucky-Tennessee fields have resulted in the signing of agreement recognizing the miners' union and granting the eight hour work day, instead of nine, and the decision to postpone any efforts for the present to adjust a new wage scale.

Mr. and Mrs. H. S. Rayborn, Miss Ethel Rayborn and J. H. Brown will leave this morning for Centralia, Ill., where Miss Rayborn will resume her duties as instructor at Centralia Business college. They will make the trip in Mr. Rayborn's Maxwell car.

GONG SOUNDS ON WHEAT TRADING

CHICAGO Aug. 25—Wheat futures, the bone of contention in many a big deal for many years, passed from the board of trade probably for the period of the war wnen the closing gong sounded today.

It passed away quietly. Months ago the placing of restrictions began and for a long time there had been scarcely any trading. Notice of the fact was given a week ago on instructions from Mr. Hoover. September was the only option traded in and the man at the quotations board chalked its epitaph at $2.11 1-2.

PEACE AT PRESENT NOT FAVORED BY REDFIELD

Characterized "As a Trap for the Unwary"

Secretary of Commerce Gives Views to Brooklyn Assemblyman in Answer to Pope's Peace Proposals—Says Giving Terms at This Time Help to Kaiser.

New York Aug. 25—Suggestion of peace at this period of the war was characterized by William C. Redfield secretary of commerce, "as a trap for the unwary," in a letter received tonight by Assemblyman N. B. Shapiro of Brooklyn. Secretary Redfield declared the United States is in the war until "autocracy will never again lift its head to threaten man."

Secretary Redfield's letter was in reply to one Mr .Shapiro had written to him stating that numerous persons in his district were eager to know what action they might expect from the administration concerning the peace proposal from the vatican.

"The suggestion that our country state candidly its terms of peace is a trap for the unwary," Mr. Redfield wrote. "It is that which Germany would like to have us do. To urge it, brings aid and comfort to the Kaiser's cause, because in so doing we cloud the issue.

Must be War Now

"This war will be a clean-cut fight between autocracy and democracy. It must be fought out whether we will or no. If it is not fought out today it will be fought out later on.

"Before auocracy, Belgium, Serbia, Montenegro and Poland have gone down. With it the Turk has allied himself, and the massacres of Armenia respond to the rape of Belgium. Autocracy has adopted frightfulness as its watchword, and in the name of frightfulness it murders women and children in defenseless towns, sinks hospital ships which carry its own wounded and sends women and children to watery graves so that it may have its own ruthless way upon the seas.

"What do we seek? We seek an end to those things. We seek an end such that autocracy will never again lift its head to threaten man."

REGRETS DROPPING BOMBS ON DUTCH

AMSTERDAM, Aug. 25.—An official comunication by the foreign ministry says that, in response to the protest of the Dutch government against a flight over Dutch territory on August 18, by an air squadr n, which dropped bombs, Germany has expressed regrets and explained that a channel squadron had lost its way in the thick clouds.

The Dutch minister at Berlin has been instructed to inform the German government that this explanation does not justify a flight over Zeeland and the province of Friesland and Groningen, by two planes, one of which descended, the other of which was shot down. The ministry is charged to renew the protest against the violation of Dutch territory by the dropping of bombs.

ORDER ENLISTMENT OF ORDNANCE CORPS

WASHINGTON, Aug. 25.—Organization of an enlisted ordnance corps of the national army with a total strength of 20,000 men, is directed in today's army orders, all members of the existing ordnance enlisted reserve corps being transferred to the new establishment. It will comprise the mechanical force to care for the great and small guns of the fighting branches of the army and will be divided into units suitable for work with divisions in training or in the field or at the ordnance depots and repair shops behind the lines.

Some idea of the work that must be done in replacing and repairing guns may be gained from the fact that on any section of the western front, every artillery piece actively engaged must be replaced every hundred days.

EXPLOSION OF SHRAPNEL SHELL KILLS TWO

FORT SILL, Okla., Aug. 25.—Privates Nels and Kellym of Battery A, Second Missouri Field Artillery, were killed and four others seriously injured when a shrapnel shell explode on the cantonment range here this afternoon, completely wrecking the mess hall in which they were preparing their first meal after arriving at the Oklahoma post.

The injured are: Privates Oakley, Bloomer, McGrew and Rose.

The shell is believed to have exploded, after having been left partially buried on the field, by the heat of a fire over which the men were cooking.

Mr. and Mrs. J. Parker Doan and children, Anna Dewey and Francis Doan, and Mrs. Dewey, mother of Mrs. Doan, have gone to Lake Matanzas for a ten day visit. Miss Alice Pray will leave for Lake Matanzas this morning and will remain for the week.

HOOVER ADDRESSES NEWSPAPER EDITORS

Necessity of Administering the Supply of Food Told

Tells of Problems Confronting Those Dealing With Subject by Newspapers—All Sections of Country Represented

Chicago, Aug. 25—Herbert C. Hoover, federal food administrator, explained to editors of agricultural papers and representatives of newspapers from agricultural districs today the necessity for administering the supply of foodstuffs, told of the problems that confronted those who were dealing with the subject and asked their cooperation in the work to be done. He objected to the word "control". In connection with food conservation, he said, because the administration, in the main, wished to rely on voluntary effort and patriotic cooperation.

All sections of the country were represented at the conference from which the newspaper representatives of the metropolitan press were excluded. Mr. Hoover reached the city at mid-afternoon and went directly from the train to the hotel where the conference was held. After the conference adjourned at the dinner hour he left the hotel with the announcement that he would return east within several hours.

Mr. Hoover made it clear in a statement which he authorized later, that his purpose was to deal fairly with all interests as was possible and that in order that this intention might become a fact it was essential that all should act in a similar spirit.

Meredith Presides

E. T. Meredith, Des Moines, Ia., who presided at the meeting, spoke after Mr. Hoover had delivered his address. He said that, when he went to Washington recently to confer with Mr. Hoover, he carried the word that the farmers of the west were "against Hoover" because of the fear that they would suffer thru price regulations. He said he had found out that this impression was "all wrong."

In a statement issued tonight Mr. Hoover denied there is any foundations for a statement that the food administration has any intention to fix prices of beef or pork products.

The administration hopes to develope by discussion with representative committees of the hog producers, the cattle producers, the commission men and the packers" the statement says, "greater stabilization of the industry during the war and in such a way as to encourage production, to eliminate speculative profits and risks so far as may be and by so doing to protect the consumer."

Before Mr. Hoover left Chicago he was handed a formal request from the packers that he appoint a federal dictator immediately to have over entire control of the livestock industry.

GERMANS ATTACK RUSSIAN POSITIONS

PETROGRAD, Aug. 25—German troops yesterday atacked the Russian positions on the Oginsky canal near Martinovka 11 miles northwest of Pinsk, the Petrograd war omce today announced. The assault, which was preceded by a terrific artillery bombardment, enabled the Teutons to occupy a portion of the Russian trenches, but a counter-attack restored the position. The Russian official statement continues to be silent regarding the situation on the Riga front.

DOCTOR KILLED WHILE RIDING IN AUTO

CAIRO, Ill., Aug. 24.—Dr. E. J. Duncan, a physician of Oliver Branch, Ill., was shot and killed there today while riding in his automobile. Will Wilbourn, a brother of Leslie Wilbourn, states attorney of Alexander county, is said to have admitted that he fired the shot from the window of a nearby warehouse because Dr. Duncan attacked and choked his sister several days ago

"IF KAISER BILL IS STILL ALIVE WE'LL GET HIM"

RANTOUL, Ill., Aug. 25.—With the declartion "If Kaiser Bill is still alive, we'll get him," painted in large letters on banners on the side of their train, members of the Thirty Ninth Aero Squadron arrived here tonight from Camp Kelly, San Antonio, Tex., to begin training at Chanute Field, located near this city. The new arrivals were given a great reception by the citizens. Among other inscriptions on the train was this one, "Next stop, Berlin."

SUBWAY SYSTEM TIED UP.

New York, Aug. 25.—Many thousands of persons were greatly inconvenienced this afternoon thru a complete tie-up of the subway system in Manhattan, which lasted almost three hours. A shortage of coal at the most important power houses was assigned by officials as the cause of the tie-up.

THANKS KING ALFONSO.

Madrid, Aug. 25.—Premier Dato announced today that, thanks to the intervention of King Alfonso, Count D'Oultremont, a Belgian official, recently deported to Germany and sentenced to death, has been pardoned.

VISITS KAISER AT FRONT

Amsterdam, Aug. 25—A Berlin official despatch received here says that Chancellor Michaelis visited headquarters and presented Emperor William with a report. Some Berlin newspapers say that the visit is connected with Alsace-Lorraine.

ITALIAN DRIVE ALONG ISONZO SUCCESSFUL

Are Making One of Their Greates Successes of War

SCALE MONTE SANTO

ROME, Aug. 25—The Italian troops on the Isonzo are marching to complete victory.

At Udine, Salvatore Barzili, chief governor of the Austrian territory occupied by the Italian army when informed of the complete victory of the Italians, exclaimed:

"At last our soldiers have achieved this magnificent thing; they have freed our soil from the ancient enemy."

The final success of the Italians in winning their greatest battle in this war is thrilling the country as never before. Both the army and the civilians now see the result of two years' suffering and economic hardship. The victory came unexpectedly, as it is General Cadorna's rule never to announce an event until certain that his troops are able to hold new positions.

Brilliant Successes

The battle along the Isonzo has developed further brilliant successes for the Italians, who, it is now plain, are making one of their greatest efforts of the war, thus far. General Cadorna's men, who at the beginning of the offensive effected a new crossing of the river north of Gorizia, at a point where the Austrians believed such a feat was impossible, have won another spectacular victory by scaling Monte Santo, 2,245 feet high, and placing their flag there. This mountain top seven miles north of Gorizia, dominates the plain to the east of the city and the Austrian forces there have been able to hold up the Italian advance since Gorizia was taken. The Austrian line of defense was broken at several points and the Italians are pursuing the retiring Austrians.

Further south on the Carso fighting continues violently and incessantly. Austrian efforts to win back lost positions were defeated. New gains have been made by the French on the Verdun front, rounding out the victory won in the offensive begun Monday. The French advanced last night north of Hill 304, Paris announces, and captured three fortified works near Bethincourt. The official German statement, however, says rench atacks between Malancourt and Bethincourt were repulsed.

British Capture Trenches

On the British front sharp local engagements are in progress. The British captured a trench position west of Lens n da post near Lombaertzyde. The official German statement concedes a small British advance near the Ypres-Menin road, but says that at other points the British were repulsed with heavy losses. The capture of a British position east of St. Julien is reported.

The situation on the northern end of the Russian front remains obscure. Official Russian reports earlier in the week made it appear that a German offensive, with the capture of Riga presumably as its object, was under way.

German Statement

The German statement of Saturday spoke of no further activities in this sector. Neither did the official report from Petrograd mention any military operations on the Riga front. On the Central Russian front a German battalion penetrated the Russian lines on the Oginsky canal, northwest of Pinsk, but later the Teutons were ejected by a counter-attack. On the Roumanian front the battles which raged during the week have died down.

In the Caucasus the Russians are showing greater activity at several points. Turkish positions on the heights in the region of Mount Tenevredag have been occupied by the Russians.

AMERICAN AVIATORS BUSILY ENGAGED

Somewhere on the French Front, Thursday, Aug. 23—(By The Associated Press)—All the American aviators in the LaFayette flying corps have been on the wing every day since last Sunday. The weather has been magnificent. The American aviators have been engaged in protecting bombing raids and scouting expeditions over the new French front, but there have been no air fighting and no incidents

WEATHER INDICATIONS AND TEMPERATURES.

Illinois: Fair and warmer Sunday; Monday partly cloudy.

STRUGGLING FOR A QUOTA

There must be something wrong down in Williamson county for the exemption board in district No. 2 has issued four draft calls in an effort to secure a quota of twenty eight men. This record is in marked contrast to that of the Morgan county board, for here more than 140 men have been certified to the district board and the county's quota is 121. However, in Williamson county because of the various mining communities the number of aliens is very large. The board in addition is reported as very liberal in the matter of exemptions on the ground of dependency.

THE PRESIDENT'S VIEWS ON DEPENDENCY

A letter from the president made public yesterday thru the provost marshal general's department discusses the matter of exemptions. A perusal of the letter indicates clearly that the mere fact that a man is married does not constitute exemption. The president's thought evidently is that a married man whose wife or wife and children are actually dependent on his labor for support should be exempted unless they have relatives who will contribute to their support. A great deal of pressure has been brought to have an interpretation of the rules which would not take into account the financial ability of relaties of a drafted man. About the only change which one can find in the president's statement is the suggestion that in his opinion a drafted man should be exempted if his entering the army service will necessitate his wife undertaking work for her own support or for the support of children.

FINAL DAY OF THE CHAUTAUQUA.

The Jacksonville chautauqua will close its sixth session today. The figures are not yet available but it is known that this one has been the most successful in the history of the association and that the chautauqua will close with a goodly balance in the treasury. The ticket guaranty sale for the season of 1918 has not come up to the expectations but it is hoped that the number of pledges will be greatly increased before the final hour of adjournment comes today.

Anyone at all familiar with the work of the chautauqua knows how helpful it is to this community. The platform gives the opportunity for the discussionh of questions that are of vital interest to the people and for the presentation of entertainment features of an elevating kind. By no means the least benefit comes from the mingling of the people. In the past nine days there have been many thousands of visitors on the grounds. They have come from all parts of the county and from surrounding counties, and the exchanges of opinion, the social intercourse resulting, have their distinct value. In addition the chautauqua affords for many people a pleasant and inexpensive summer outing.

That chautauqua patrons were well satisfied with the management of the enterprise was indicated by the re-election of Thomas Worthington, J. E. Osborne and Frank J. Heinl as directors. All three of these men have been actively interested in chautauqua work but upon Mr. Heinl has fallen the heavier burden of the duties. In the past months Mr. Heinl has been untiring in his efforts for the success of the chautauqua and has given unstintedly of time and thought to the enterprise. The success of the chautauqua thru six seasons indicates that it is a permanent Morgan county enterprise.

NINE BILLIONS FOR U. S. EXPENSE

Again referring to government finances, congress is now engaged in preparations for expenditure of more than $9,000,000,000, thus exceeding any previous congressional record. The manner in which this money will be paid out is indicated by the following tabulation:

Agriculture	$ 25,929,113.00
Army	273,046,322.50

TAX DODGERS.

The question of war revenue and the taxes on wealth continues to be the most important subjects for discussion in the senate. The discussion has resulted in the often repeated charge that each year this govrnment loses millions of revenue justly due in the form of taxation. There is nothing new about these charges altho the figures run to higher limits than the people suppose. No there is nothing new in the charge, because the practice is prevalent in every community among a large class of citizens of escaping taxation when this is at all possible. Men and women who are honest in other affairs of life seem to have no pangs of conscience if by evasion or by actual perjury they are able to escape taxation. It was in the course of the discussion of this very situation that Senator J. Hamilton Lewis recently made this statement in language which is characteristically picturesque:

"There has been more lying deliberately perpetrated to the face of the representatives of this finance committee from time to time by men touching their finances than could be conceived as could come from men of honor or men of business standing. Men who would shrink from petty lying in the ordinary affairs of their lives and who hold themselves up as worthy of the approval of their fellow men in the communities where they live, will sedately march in solemn procession behind the collection plate thru the aisles of the holy church of God, carrying with them the atmosphere of 'how much holier am I than thou' and will promptly come here from that Sunday service to this body of men and under the guise of business necessity justify a form of lying which in other forums would subject them to a charge of perjury and to the pains and penalties thereof.

"The treasury has the established proof of $300,000,000 swindled out of this government by perjury, fraud, deception and different forms of commercial and personal trickery under the income tax returns. Had there been common honesty on the part of that set of men who prate loudly about the honor of the republic, and who cried in tones of echo thruout the world for war, there would not have been the necessity for the committee to levy this burden that is apparently justified."

Rippling Rhymes
By WALT MASON

The Meek Germans

"This War," the German statesmen say, "was forced on us, against our will; we tried so hard to dodge the fray! It grieved our hearts that we must kill. 'Tis true we built a war machine, the greatest ever known to fame; but we contend we didn't mean to use it with a warlike aim. 'Twas just a thing of pomp and state, to use upon occasions gay; with it we hoped to celebrate the German Fourth and Groundhog Day. We looked upon the martial psalm as one would look on sounding brass, and Mary's famous little lamb, for meekness, wasn't in our class. 'Tis true our navy grew apace, thru many years we built it up; but we were planning for a race with England, for a silver cup. We had no purpose to eclipse the British might, despite reports; our only thought in building ships was just to boost all manly sports. We only wished to go our course in quietness, year after year, and whoop for peace until too hoarse to whoop for anything but beer. But no, they would not let us be, to earn in peace our bed and board; they climbed our frame on land and sea, and so we had to draw the sword. And so we ask the world to note, and to recall on that dread day when we have lost our Wilhelm-goat, that we were forced into the fray."

REV. WM. DYER'S DEATH OCCURRED SATURDAY

Deceased Had Been Pastor of Indian Creek Baptist Church for Forty Years.

The death of Rev. William Dyer occurred at 5:15 o'clock Saturday afternoon at the Home sanitarium. The deceased was one of the oldest residents of Morgan county, as he had been a resident since 1829. Rev. Mr. Dyer was the son of William A. and Margaret Dyer and was born in Granger county, Tennessee, Aug. 3, 1836. As a little child he came here with his parents in 1839 and the family home was established in the country about three miles northeast of Concord. There the deceased grew to manhood. He early manifested an interst in religious affairs and it was largely thru his efforts and contributions that the Indian Creek Baptist church was established. Subsequently he became the pastor of the church and has held that post for the past forty years.

Rev. Mr. Dyer was married in 1885 to Miss Martha Coons, whose death occurred two years later. The minister was left with a little daughter, since grown to womanhood, and for years past the deceased made his home with this daughter, Mrs. Alice Alexander. Other surviving relatives are a sister, Mrs. Ellen J. Braner of this city and two brothers, John C. and Martin Dyer of Virginia. Rev. Mr. Dyer was a representative of the rugged pioneers of the county, who made sincere religious belief and practice a part of his daily life. He was kindly in spirit, generous in impulse and ever ready to serve friends or strangers. As mentioned above, it was thru his liberality and untiring efforts that the church he served so long was established.

Funeral services will be held Tuesday morning at 10 o'clock at the Indian Creek Baptist church and interment will be made at a cemetery three miles south of New Berlin, where Mrs. Dyer is buried. The remains were taken from the hospital to the Williamson & Cody undertaking establishment and will be conveyed to the home this morning.

Crotty.

Miss Margaret Crotty died at the home of her sister in Chicago Saturday evening, a telegram to that effect being received by her sister, Mrs. John Costello residing south of the city. Deceased was the daughter of John and Mary Crotty of this city and resided here for a number of years. For the past seven years she has been employed as a nurse in Elgin. She is survived by four sisters, Mrs. John Costello of this county, Mrs. Michael J. Maloney of Chicago and two sisters who are in the convent in Springfield and two brothers, Patrick and Timothy Crotty. Deceased was a faithful member of the Church of Our Savior. The remains will be brought to this city today and taken to the home of Mrs. Costello. The time of the funeral will be announced later.

Immenga

Mrs. Francis M. Immenga passed away Saturday morning at 11:30 o'clock after an illness of several months' duration. Mrs. Immenga was the daughter of the late Mrs. Mary R. Frankenberg and was reared and educated in this city. She was held in high esteem by many friends and the news of her untimely death will bring sadness to the hearts of all.

Mrs. Immenga is survived by her father, C. V. Frankenberg; her grandmother, Mrs. John G. Rexroat, and Miss Sarah Catherine Frankenberg, an only sister, as well as by several uncles, aunts and cousins.

The funeral will be conducted from the residence of Mrs. J. G. Rexroat, 1445 South Main street Monday afternoon at 1:30 o'clock.

FLORENCE REED IN "THE ETERNAL SIN"

Intrigue, unselfish love, mystery, poison plots, vengeance, jealousy and all the other dominant human emotions are elements of Herbert Brenon's new production for Selznick-Pictures, "The Eternal Sin," which will be the feature at Scott's Theatre Tuesday. The story is taken from a play by Victor Hugo, author of the great "Les Miserables," and contains no moment that it not intensely emotional.

The plot of the story deals with the machinations of Lucretia Borgia.

In addition to Miss Reed, Mr. Brenon has enlisted in the cast such photodrama favorites as William E. Shay, who was the prince in "A Daughter of the Gods."

In "The Heart of Maryland," "Neptune's Daughter," "The Kreutzer Sonata," "Two Orphans," "The Clemenceau Case" and "Sin," all Brenon productions, Mr. Shay has distinguished himself.

The scenes in which the episodes take place are all of the greatest beauty imaginable. All the splendor of the Italian renaissance has been revived by Herbert Brenon in this production. Florence Reed is well known for the magnificence of her costumes, and in "The Eternal Sin" wears gowns that would serve for royalty itself.

Chicken fry, Mt. Emory Baptist church, Tuesday night, Aug. 28th.

WITH THE SICK

Floyd Watt, of Co. B, has returned to his home on South Diamond street after a period of treatment at Passavant hospital, where he has undergone two operations.

Norman Sheppard is ill of appendicitis at his home, 945 North Prairie street.

EXEMPTION BOARD HAS LIST ALMOST COMPLETE

All But Ten of the 241 Men Called for Examination Have Now Been Passed Upon — Five Exemption Pleas Overruled.

The Morgan County Exemption board has almost completed the large amount of work connected with the formation of the first draft list and 232 of the 242 men called have now been disposed of. The ten men remaining have been given an extension of time for various reasons and within a very few days the entire list will be completed, tho the board will continue in session for further work.

The board certified Saturday the names of five men who had made pleas for exemption whose claims were not allowed or who had passed on second medical examination. They were as follows:

Thomas Johnson, 1201 South Main street, Jacksonville. Married, no children. Wife eemployed as a domestic at the state hospital. Both parents of Mr. and Mrs. Johnson the owners of property. Claim for dependency not allowed.

George W. Musch, Arenzville. Examined Aug. 6. Summoned for re-examination Aug. 17. Passed. No claims for exemption.

John Edward Hudson, Chapin, R. R. No. 3. Examined Aug. 6, summoned for re-examination Aug. 21. Passed. Claim filed for dependency not allowed.

George Berry Harris, Prentice. Examined Aug. 7. Re-examined Aug. 21. Passed. No claims for exemption filed.

Harry Kirby Onken, Chapin. Examination postponed until Aug. 16. Passed. Filed no claim for exemption.

The following persons not before acted upon were discharged from the service of the United States by reason of physical deficiency:

Donald Lee Harding, 606 E. College St., Jacksonville.

Robert M. Spaenhower, 709 Sheridan St. Jacksonville.

Thomas Abell, 503 S. Fayette St., Jacksonville.

Ernest H. Jokisch, R. R. No. 1, Arenzville.

Leonard Gring, Illinois School for the Blind, Jacksonville.

FUNERALS

Mallicoat.

The funeral of the late Mrs. William Mallicoate was held at Arcadia Saturday afternoon at 2:30 o'clock. The deceased was a well known resident of the community and there was a large attendance of relatives and friends. The services were in charge of the Rev. E. A. Cain of Monmouth, a former pastor of the deceased. After paying deserved tribute to the faithful and exemplary life of Mrs. Mallicoat, the minister delivered a sermon appropriate to such an occasion. Music was furnished by a quartet consisting of Mrs. Harry Ogle, Misses Alma and Emma Ogle and Elmer G. Smith, with Mrs. Harry Braner at the organ. The many beautiful flowers were in charge of Misses Esther Ator and Minnie Gilbert. Burial was in Arcadia cemetery and the bearers were E. N. Long, Henry Hagener, Charles Peterson, John White, Charles Ator and Robert Craig.

A fountain pen makes the most acceptable gift. All reliable makes. GILBERT'S PHARMACY.

W. J. Wood, Executor.

Wm. N. Hairgrove, Attorney, for Executor.

MARRIED IN SPRINGFIELD.

A marriage license was issued in Springfield yesterday to Howard Howser of Jacksonville Rural route 5 and Miss Esther Chapman of this city.

A BEAUTIFUL TRIBUTE

The following beautiful tribute from a friend was sent Mrs. Mary J. Blunt by Dr. Harker and a friend added a verse.

Jacksonville, Illinois
Aug. 24, 1917.

Mrs. Mary J. Blunt,
507 Sc. Prairie St.,
Jacksonville, Ill.

My dear Mrs. Blunt:

Mrs. Harker and I congratulate you and rejoice with you that you have been kept through another year and are privileged to pass another milestone of life's journey. We thank God for you and with you that the promise is not alone up to four score years and ten,—it is much sweeter and more definite than that. He says, "I am with you always, even unto the end." May the pathway be brighter and brighter for you "unto the perfect day."

Usually people think of the limitations of increasing years, but I would rather have you begin this new year with the happiest anticipations of at least three increasing joys.

First—There is the increasing joy of memory. Over the long sweep of the days gone by, memory will flash more and more vividly and linger more and more lovingly. May your memories be increasingly happy ones.

Second—There is the increasing joy of experience. You will need less and less to live by faith—you now know. You have had so many experiences of His love and care that you can now be sure.

"So long His power hath blessed you
Sure is still will lead you on."

And third—There is the joy of increasing nearness to the coming glory. As you get nearer the glimpses of glory are more frequent. The curtain is sometimes blown aside, and you hear the singing and the music of the harpers, and sometimes, indeed, have a nearer vision of His face.

May these and many other joys be increasingly yours in the coming years.

Very sincerely,
Jos. R. Harker.

Sometimes when on our journey long
The way seems dark, beset with many ills,
But listening we hear the angels' song
And light beams on us from th' eternal hills.

RECALLED OTHER DAYS

One of the most interested listeners to the music of the Kilties Band at the chautauqua yesterday was Prof. J. H. Rayhill who was connected with the kilties when a young man. He secured an interview with the manager and told of his early experiences and the latter presented the professor with a souvenir album with appropriate wording on the fly leaf.

CHARGED WITH BEING GERMAN SPY.

A number of Jacksonville people have been advised of the arrest of Rev. Mr. Gruenewald formerly a pastor here, as a German spy. It seems that certain utterances of the minister indicating his loyalty to the kaiser resulted in his arrest. He is said to nave been released on bond and that the case has not yet come to trial.

LEFT FUND FOR I. W. C.

In the summary of the will of the late Mrs. Martha C. Oliver it should have been stated that the testatrix left $200 for the endowment fund of Illinois Woman's college. Mrs. Oliver had for many years been greatly interested in the welfare of the college. In connection with the 50th anniversary of the college she wrote an appropriate poem and again twenty years later at the celebration of the 70th anniversary still other verses come from her pen.

Mr. and Mrs. P. R. Briggs and Mr. and Mrs. C. J. Vaughn are making a trip to Chicago, Milwaukee and other northern cities. The trip is being made by automobile.

CROWDER EXPLAINS RULES GOVERNING MARRIED MEN

(Continued from Page 1.)

ing to work to support herself and children. Bona fide dependency of wife and children on labor of applicant, where, in his absence, they will be left without reasonably adequate support, after duly taking into consideration the soldiers' wage and support available from relatives, as stated in the rulings of the provost marshal general, is ground for discharge.'

Opinion of Law Expressed

"This opinion clearly and adequately expresses the intest of the law in this regard.

"Paragraph B, compiled rulings of this office number six, addressed a state of affairs where the parents or other relatives of the wife or husband are able, ready and willing adequately to support the wife and children, if any, during the absence of the husband. This ruling was responsive to a class of cases that had been brought to the attentions where claims of dependence has been made on the ground of dependency on a husband, who, as a matter of fact, was not dependent upon himself. The ruling directed the attention of local boards to the fact that scrutiny of cases of this kind might disclose that no discharge was advisable.

"It was not intended that Paragraph B should apply to the case of the head of a family whose family, at the time of his summons and prior thereto, were and had been mainly dependent upon his labor for support.

Few Mistakes Made

"Instances in which local boards have been in error in respect of these two classes of cases are rare. It was to be expected that, with some 4,500 local boards, there would be some un-uniformity of decision in this regard. To provide against this un-uniformity, section 27, of the regulations, provides for the automatic appeal of all dependency cases to the boards. District board should scan the decisions of local boards on questions of dependency and, wherever it appears that such decisions are illegal, as in the two cases just mentioned or otherwise) or where these decisions seem to be far un-uniform as to the result in an unequal operation of the law, the district board should reverse or modify the decision of the local board."

Reason for New Orders

In his message to governors respecting new mobilization orders, general Crowder said in part:

"The congestion of traffic that will be entailed in the early part of September by the movement of the National Guard into training camps makes it inadvisable to attempt to move any large percentage of the national army on September 5th. For this reason the war department has communicated the following schedule of movements of the National Army to the provost marshal general:

"Five per cent of the quota of each state September 5 and 40 per cent beginning September 3rd, the remaining fifteen per cent as soon thereafter as practicable.

"The object of calling 5 per cent is to place in the camps enough men to form a skeleton organization to assist in receiving and assimilating the large contingents. For this reason it is required that local boards send only white men and so far as practicable they send men with some military experience or cooks. In making this selection order numbers are not controlling, but great care must be taken not to send men whose order of call is so late that they will not be within the quota of the boards.

"In order that it may not be necessary to make any special railway arrangements and to prevent a congestion of normal railroad traffic local boards should be instructed to send one per cent of their quotas on each of five successive days beginning September 5. It is thot every board in the country will have available at least five per cent of its quota by September 5 and therefore that it will not be necessary for the adjutant general of the state to call upon any one board for more than five per cent."

THE FIRST OF THE WEEK WE WILL SHOW ANOTHER NEW LOT OF TRIMMED FALL HATS FROM NEW YORK CITY.
J. HERMAN.

SEEK ENGLISH AND CANADIAN RECRUITS

Mayor Rodgers as local representative of the Military Training Camps association has received blanks and posters relating to the work now being done in this country by the British recruiting mission. As a result of the work of this mission many British and Canadian subjects who have only taken out first citizenship papers in the U. S. are heeding their country's call and enlisting. Men are enlisted for the duration of the war and a further six months after the termination of hostilities unless sooner discharged. Free passage back to the U. S. is provided on discharge to those desiring it. Applications are accepted between the ages of 18 and 45 exclusive, except in the case of skilled workmen, when the age limit is extended to 50 years. Any Englishman or Canadian in Morgan county who desires to enlist can secure the necessary blanks from Mayor Rodgers.

WIFE SIGNS BOND.

Walter Birdsell appeared before Justice Dyer a few days ago on complaint of his wife and was fined on the charge of assault and battery and also placed under a peace bond in the sum of $300. Birdsell was committed to jail but yesterday his wife relented and came to the city and signed the peace bond and Birdsell was released.

RED CROSS NOTES

The Red Cross Shop enjoyed a visit recently from Capt. W. T. Harmon, former athletic coach at Illinois College. He made a careful examination of the articles which the members of the Red Cross are preparing for the comfort of our boys at the front, and pronounced them to be, in his opinion, admirably suited to their purpose. He tried on some of the sleeveless jackets and found them to be properly proportioned and not as some of the workers have feared too small for the boys to wear comfortably. He made a number of valuable suggestions one of them that lengths of the various colored worsteds should be included in the sewing kits so that the boys can mend their own socks when necessary.

Mrs. Sarah Reeve, who is now recovering from a long sickness, is one of the enthusiastic Red Cross workers. To Mrs. Reeve belongs the honor of knitting for the soldiers of two wars. She is now in her eightieth year and was a comparatively young woman in the days of the war of the Rebellion, when she busied herself with other loyal women in knitting garments for the union soldiers. Now after the lapse of fifty five years she finds herself again engaged in this same work. Perhaps the needles do not click quite so rapidly as they did in the earlier years but Mrs. Reeve is still able to finish these knitted garments in good form and with a speed which makes some of the younger women envious.

There will be an all day sewing for the Red Cross at Grace M. E. church Wednesday. The women are urged to come either morning or afternoon, or if possible to bring their lunches and stay all day. Work will be started on the making of pajamas. Miss Patterson has been collecting garments for the civilians of France which are to be shipped Thursday and these will be on exhibition at the church Wednesday.

MEDICAL EXAMINING COMMITTEE HAS IMPORTANT WORK

Dr. Carl E. Black has retunred from Chicago where he went to attend the first meeting of the examining committee for medicine for the new state department of registry and license. Dr. Shepardson is director of the department and the members of the committee are Dr. John A. Robison, Chicago; Dr. Carl E. Black, Jacksonville; Dr. L. C. Taylor, Springfield; Dr. William Nolle, Chicago; Dr. G. H. Cushing, Chicago. This committee will have charge of the licensing of all physicians, osteopaths, midwives and embalmers in the state. At an early date an inspection of all the medical colleges in the state will be made so that these institutions can be graded. Later on there will also be inspection of all hospitals for a new state law requires that beginning in 1923 every graduate of a medical school must have had one year's training as a hospital interne. Various matters of importance relating to physicians of the state were considered.

While at the conference Dr. Black was advised that the district boards in a number of the larger cities are exempting medical students from army service in the belief that these men should proceed with their education and thus be fitted to either go to the front at a later period or to take the places at home of physicians and surgeons who have already entered the army service.

RETURNS FROM OHIO VISIT.

Rev. R. B. Wilson and family returned Saturday evening from Cedarville, Ohio, where they have spent the past few weeks with relatives. They made the trip in their car and returning found the roads in excellent conditon. They started from Cedarville Friday morning and taking the trip by easy stages, covered the 385 miles to this city without any mishap. Rev. Mr. Wilson returns feeling greatly benefitted by this period of recreation.

PAUL STRAWN WEDS FORMER I. W. C. GIRL

Marriage to Miss Backus Was Solemnized in Springfield Saturday.

Paul Strawn of this city and Miss Claire Ione Backus of Chicago were united in marriage in Springfield Saturday afternoon. The couple left this city in the Strawn car and went to Springfield for the ceremony and expected to keep the marriage a secret but some newspaper reporter on the alert for news upset the plan.

The groom is the son of Mr. and Mrs. James G. Strawn of 615 South East street. He graduated from the Jacksonville high school and for the past two years has been studying agriculture at the University of Illinois. The past summer he has been at the officers training camp at Fort Sheridan. He recently took the examination for admission to the aviation branch of the army service and is no wawaiting a call to one of the training camps. During his high school career Mr. Strawn was prominent in athletics and was a member of the football team.

His bride is a native of Chicago. She graduated from the schools of that city and two years ago was a student at Illinois Woman's college. She is a young woman of much personal charm and deservedly popular in a large circle of friends.

Mr. and Mrs. Strawn are for the present at the home of Mr. Strawn's parents. They probably will remain here until Mr. Strawn is called to the colors. Their many friends will unite in wishing them many years of wedded happiness.

BEAUTIFUL FALL MILLINERY
A full line of handsome Fall Millinery now ready for inspection.

BOONEVILLE CLUB GOES OUT OF BUSINESS

Organization Quits After Twenty Years Existence — Lease Sold to Chicago Millionaire—New Club in Prospect.

Saturday afternoon the Boonevlile Hunting and Fishing club, one of the oldest organization of its kind in the city ceased to exist. The members of the club held a meeting and a division of the funds in the treasury was made and the organization dissolved.

The Booneville Hunting and Fishing club was organized more than twenty years ago. Its first president was Theodore Tyrrell and its first secretary-treasurer was William Batz. The last officers of the club were Hugh Cobb, president; Ben Davenport, vice president and Charles Blesse, secretary-treasurer.

Twenty members composed the original charter and of that number Mr. Batz, the first secretary was able to give the names of nineteen of them. The charter was composed of the following: Theodore Tyrrell, William Batz, Henry Ricks, John Petry, Ben Lurton, M. M. Woods, Charles Taylor, A. J. Taylor, W. W. Bibb, F. J. Andrews, Lee P. Allcott, Ben Davenport, Hugh Cobb, Charles Blesse, Ed DeBauernfiend, James Z. Scott, Jacob Strawn, Herman Weber and John M. Daub. The twentieth members was a farmer living east of the city who went west and Mr. Batz was unable to remember his name. Of the original charter members, five, Theodore Tyrrell, Henry Ricks, W. W. Bibb, J. Z. Scott and J. M. Daub are dead.

The first home of the club was located at Wilcox Lake. Later the members leased ground two and one half miles south of Bath where the club house has since been located.

A few years ago Finley Barrel, of Chicago, a prominent commission merchant purchased a large acreage of land south of Bath and erected a magnificent summer home. Recently he made an offer to the Booneville club for its holdings, which was satisiactory and the lease was sold.

Last night Mr. Bleese said that the members of the old Booneville club had already secured a lease on some land north of Bath. It is purposed to either move the present club house to the new location or build a new one. A new club will be organized under a different name.

You wont fear Fire or Burglars if your Valuables are in our Safety Deposit Vaults.

It is not only careless to keep valuables in your house, but it subjects you and your family to GRAVE DANGER. Not only may you lose them by fire, but burglars might break in and steal them. Burglars always "spot" the house where valuable are kept and they will stop at nothing—not even murder—to steal them.

Put your valuables in our SAFETY DEPOSIT VAULTS where they will be SAFE. Costs only a nominal sum.

CHAUTAUQUA ASSEMBLY WILL END TODAY

KILTIES, SO WELL RECEIVED SATURDAY TO GIVE CLOSING CONCERT.

Hon. Charles B. Adkins Gave Excellent Address on the Governor's Consolidation Plan—Chief Caupolician Pleased Large Audience Last Evening.

THE CHAUTAUQUA TODAY.

Morning.

10:00 Sunday School, Rev. W. E. Spoonts, Supt.

11:00 Sermon: The Only Way—Rev. W. E. Spoonts.

Afternoon.

2:00 Concert— The Kilties Band.

Lecture: The King and the Peasant—P. G. Rennick.

Evening.

6:30 Vesper Service—Rev. Jos. R. Harker, Leader.

7:30 Grand Concert — The Kilties Band.

Closing Ceremonies.

Increased interest and large audiences marked all the chautauqua sessions Saturday. The cooler weather seemed more of an advantage than otherwise and the indications last evening pointed to a brilliant close for the Sixth Annual Assembly of the Jacksonville chautauqua.

The afternoon lecture by Hon. Charles B. Adkins of the state department of agriculture contained many points of interest regarding the government of Illinois and gave the audience a clear conception of the consolidation plan as worked out and administered by Governor Lowden. "Proper Food vs. Patent Medicine," was the subject of Miss Fannie Brooks, who spoke after Mr Adkins. The morning hour was taken up by Prof. Gilbert's nature study lecture, with bees as the theme, and by Miss Brooks, who spoke on "First Aid and Home Sanitation."

The Kilties, in both appearances Saturday, were unusually well received. On every hand could be heard expressions of satisfaction and all are glad that this famous Scottish band from Canada is to be on the program twice today, closing the assembly with a grand concert tonight at 7:30.

Chief Caupolican

Chief Caupolican, half French and half Aurocano Indian, has all the wit of the former race and all the fiery eloquence and pride of the Chilean aborigine. His reference to Chile and the world war brought home the fact that this South American country, so little known to many in the United Staes, has before it a bright future and is destined to take a firm place in the council of nations.

The chief, whose father is a full blooded Aurocano, and a man of much note, has one of the best speaking voices on the platform today. Noteworthy also is his musical talent, for in the course of his lecture he illustrated the songs of his people in a powerful baritone voice of rich melody.

A Famous Band

Those who attended the chautauqua Saturday with the expectation of receiving a real treat in the musical line, were more than pleased for the Kilties measured up perfectly to the glowing notics for their coming.

This band was organized in 1900 at Belleville, Canada, by T. P. J. Power. Henry E. Dorsett is now conducting the organization which never fgails to please after almost eighteen years of successful performance. A feature of the evening concert was the bag pipe solo of Jamie Clark as well as the tenor solo work of J. Coates Lockhart, who was encored repeatedly.

Following is the program as given Saturday evening:

"Fidelity," "William Tell," "Wee Jamie Clark, bag pipe solo; "Sally Trombone," "Hunting Scene," "Back 'o the North," Tenor Solo, "Somewhere a Voice is Calling," by Mr. Lockhart, who, when encored, sang "Ta-Ta My Bonnie Maggie Darling," "It's Nice to Get Up in the Morning" and "We'll Never Let the Old Flag Fall;" "Poet and Peasant," "Highland Fling" by Wee Jamie Clark; "His Majesty."

Explained State Business

Charles B. Adkins, director of the department of agriculture of the state of Illinois made an address on "Governmental Affairs" Saturday afternoon. Mr. Adkins was for one term speaker of the general assembly and represented his district in a number of assemblies. He has been identified with various farm and grain organizations and ranks as one of the most successful agriculturists of the state. When it became known that Gov. Lowden had selected him as head of the new agricultural department the people of the state generally realized that a thoroly competent man had been chosen.

Mr. Adkins' theme yesterday was "Governmental Affairs," and he devoted his time largely to a discussion of the changes in state government which have come with passing years. He briefly gave figures to show how in less than fifteen years' time the biennial appropriations for Illinois have increased from nineteen and a half millions to fifty millions. The increase has been gradual and has been occasioned largely by the fact that so much more of service is constantly expected by the people from the state government.

Present Plan is Comprehensive

Governmental affairs have thus become more complex and inevitably the increase in expenses has kept pace. Mr. Adkins said that need for reform had been acknowledged for years and that a step toward the present plan was taken when a law was advocated by Gov. Deneen and subsequently passed placing the seventeen state institutions under the control of the board of administration. Prior to that time there had been a separate board for each of the seventeen institutions. Then there was general knowledge that something should be done to reduce or abolish the numerous state commissions and centralize the work they were doing in some smaller body.

There were more than 120 of these commissions and when the consolidation bill urged by Gov. Deneen became a law all these commissions passed out of existence. The speaker said that the consolidation bill was passed as a result of the support of both Republicans and Democrats and was partially occasioned by the report to the 49th general assembly by the efficiency and economy committee. This committee after an investigation which extended thru a year, pjresented an exhaustive report which was said by many people to be the most comprehensive of the kind ever made.

Centralized Authority

Mr. Adkins then went on to explain something about the business of the state which is now organized in nine different departments. Included in the list are finance, agriculture, trade and commerce, mines and mining and labor. Without going into complete details of the operation of each department, Mr. Adkins indicated the advantages of the present system by comparison with the old in the handling of the state's complicated business affairs. The centralization of authority made possible under the bill results in the placing of more responsibility upon individuals for the proper conduct of public affairs. Economy and greater efficiency in the public service have already resulted from the new order of things. All the reforms desired have not yet been secured, as it will take a considerable time to accomplish all of these things which must be largely a matter of development. There is every reason to suppose that the general system will be improved by future acts of the legislature.

Mr. Adkins' address was of a very informing kind and the auditors had a much clearer idea of the operation of their state government than they had before.

The first number on the program Saturday morning was the lecture by Prof. Gilbert on that useful insect the bee. He told of some of the wonders of the hive of the queen and her subjects, the manner in which young bees are propagated, the destruction of the drones by the female bees, the best flowers to raise for their benefit, the wisdom of having a few hives in an orchard, the great folly of spraying fruit trees after they have blossomed as it does the trees no good and kills many of the best friends of the fruit. All was told in the gentleman's entertaining manner and was heard with much interest in his audience.

Miss Brooks gave an instructive and entertaining lecture on first aid and home sanitation which was well received. The lady is well equipped with knowledge and is a pleasing, forceful and instructive speaker. Her lecture was one of the good numbers of the day.

Chautauqua Notes

The management of the gate this year seems to be very satisfactory. The gentlemen in charge have been courteous while attending to their business in a proper manner and no complaints have come to the authorities.

William Hembrough is enjoying a visit from his brother who lives in Wichita, Kansas. The gentleman has been absent for twelve years and sees many changes in that time.

Miss Sara Morton has returned to camp after a visit with her sister, Mrs. Carl Nelson of Princeton.

Mrs. Charles Curtis of Manchester came up yesterday to enjoy the day at the chautauqua.

The Red Cross tent is generally filled with ladies knitting or learning to knit. They have a fine array of garments and other articles of their handiwork and many are taking lessons.

A delegation of ladies came up from Winchester yesterday to get suggestions regarding the conduct of the Red Cross organization.

Mrs. W. E. Henry and daughter Marie are up from Woodson for a visit at the tent of Mrs. Lou Henry.

Mr. and Mrs. James Haigh have arrived in a Paige car from New York and are guests at the tent of G. F. Haigh where a delightful reunion is being enjoyed.

Miss Mary Ellis of White Hall visited friends on the grounds yesterday.

Miss Mary McGhee of Murrayville was the guest of the J. E. Osborne tenters yesterday.

Mrs. J. H Potts of White Hall was greeting numerous friends on the grounds yesterday.

Mr. and Mrs. L. B. Smith of Concord were entertained yesterday at the tent of Mrs. Oren Thompson.

Oren Thompson has returned from LaHarpe where he has been for a few days and is now a camper.

Mrs. Len Watson has returned from a hasty trip homeward to see that everything was in good shape.

Isaac Watson gladdened the hearts of his friends and relatives by appearing on the grounds yesterday.

Mrs. John A Smith is enjoying a visit from her brother, William Gilbert and wife who came from Kewanee in their Maxwell car.

Mrs. A. E. Hembrough of Bronson, Kansas, is a guest at the tent of Mrs. Charles Bealmer and Mrs. Carl Hembrough. She is much pleased with the appearance of the park and the chautauqua.

B. A. Kratz is visiting at the Filson, Kratz and Kenyon tent.

Mrs. Emma Funk of South Main street was a guest yesterday at the tent of Mr. and Mrs. Yuba Funk and Miss Newby.

Mrs. J. Steinmetz and children of Woodson were guests yesterday at the Never-Tell tent.

Mrs. Robert V. Richardson and son Robert of Stafford, Kansas, are visitors with Mrs. George Wilson and family.

Earl Carpenter is enjoying a visit with his sister, Mrs. Yuba Funk and family.

Mrs. Dallas Crain of Woodson visited yesterday with her sister, Mrs. J. A. McKean.

Mrs. Comer of Pana, local president of the W. C. T. U. there, called at the W. C. T. U. tent on the grounds.

The Danskin-Floreth tent, "Kum-Inn," is a decidedly pretentious affair and tenders generous hospitality to esteemed friends.

Clarence Cunningham of Murrayville visited with tenting friends yesterday.

P. R Leonard of Concord called yesterday at the Filson, Kratz and Kenyon tent for awhile.

Mrs. Ada Funk of Chapin was a visitor yesterday at the tent of Mr. and Mrs. Yuba Funk and Miss Newby.

Mrs. T. B. Clampit presides with becoming dignity at the tent with the mysterious sign "O U No."

Miss Evaline Rawlings of Durbin was a visitor yesterday with tenting friends.

Mrs. Hugh McDevitt visited yesterday with Mrs. T. B. Clampit at the "O U No" tent.

L. E. Pitner of Recine, Wis., is visiting his father, A. W. Pitner a few days.

Miss Marie Sanders is visiting Mrs. Green at the Salem Inn.

John McGhee, son of Rev. and Mrs. W. H. McGhee of Murrayville visited yesterday with friends and neighbors.

James Smith and family came down from Springfield yesterday and called at the W. C. T. U. tent while on the grounds.

Mr. and Mrs. Amas Spaenhower and daughter Vincent of Waverly were guests at the Dr Bradley tent. They came in their Ford car.

Mrs. Abbie Brown McDowd and son Edwin are down from Sinclair for a visit with Mrs. Brown's mother Mrs. C. L. Brown.

Miss May Short of Ft. Worth, Texas is the guest of Miss Olive Dunlap at the Dunlap headquarters.

Miss Catherine Davis of Modesto is a guest at the Dunlap tents.

Miss Ethel Carter of Waverly is visiting at the Dr Bradley tent on the east side.

A cosmopolitan collection of banners is found in the north Dunlap tent and comprises Kentucky, Dartmouth, Chicago University, Eureka, Illinois University, Roseland High School, Morgan Co., Ohio University, Illinois State Fair, Bowen, Army, Jacksonville H. S., University of Indiana.

Mr. and Mrs. E. E. Caldwell, nee Irene Black, are down farom Havana at the tent of C. S. Black and family.

A merry group of boys ahe having a small family all to themselves and seem to be enjoying themselves in a proper manner with suitable conduct. They are doing their cooking, dishwashing, bed-making and housekeeping generally and seem to succeed. At any rate they look all right and well fed. They are Harold Hall, Russell McPhail, Harold Bourne, Harold Craig, Robert Halsted, Henry Walker, Harold Green.

Mrs. Peters of Merritt was a guest at the hospitable Lucas tent yesterday.

Rev. Wiley Oldham, pastor of the Christian church at Woodson was a visitor at the tent of C. C. Self and son.

Mrs. Leslie Rawlings of Woodson was a visitor yesterday with Mrs. Nellie Crain.

Melvin McCullough is a bit under the weather and came the nearest making one think of a hospital of anything on the grounds. His trouble is only temporary however.

Mrs. Benj. Southwell enjoyed a visit yesterday from her daughter, Mrs. Peters of Merritt.

This will probably be the last tenting on the old campground for Miss Mary Thorndyke as she is soon to go to California and it is rumored that she will remain.

Mr. and Mrs. Edward Gallagher of Woodson were recent visitors at the C. C. Self and son tent.

Mrs. John Eiler and Mrs. Frank Burnham left their tent in the care of Miss Meda Mauk, Mrs. Geo. Antrobus and Dorothy and spent Friday night at home in Chapin returning yesterday.

Mr. and Mrs. W. H. Jordan and son E. G. Jordan and wife have a happy united home for the chautauqua season ten days.

Mrs. George Burrus of Bluffs visited at the tent of the Pastoral Helpers of the Christian church.

Paul Reid of the northwest part of the county was entertained at the C. S. Black tent yesterday.

Mr. and Mrs. Harry Goacher, nee Miss Meda Gallagher, were up from White Hall yesterday visiting Woodson campers.

J. HERMAN.

WHITE HALL CHAUTAUQUA WILL OPEN TODAY

White Hall, August 25—Saturday witnessed the erection of a tented city on the grounds of the White Hall Chautauqua, fifty tents being erected during the day for the accommodation of campers who will remain on the grounds during the program season which opens Sunday and closes on the following Sunday. The main program tent and several other small tents were erected during the week, and the scene is quit impressive with the tents scattered around the hill overlooking Seminary creek and the famous White Hall soldiers' monument. Ex-President Taft's illness caused a cancellation of his engagement, and in his place will be Rabbi Leon Harrison of St. Louis.

The grounds are located on Gregory Farm, immediately south of White Hall, and they could not be better suited for the purpose from every standpoint, even if they were prepared by human hands. The White Hall Chautauqua will doubtless score another sucess this year that will place it still higher in public estimation as an elevating community institution.

WILL SEW MONDAY.

The Ladies of Westminster church will hold an all day sewing Monday at the residence of Mrs. John H. Russel, 238 Caldwell street. The sewing is held Monday instead of Thursday in order to finish work for the Red Cross on account of the shipment of articles from the local chapter to Chicago on Tuesday. All ladies are requested to come early and bring their lunch with them.

PLAN FOR BURGOO.

Members of the local lodge of Elks are arranging for a burgoo supper to be given in the grounds of Oak Lawn sanitarium next Wednesday, August 29. A chicken fry given there a few weeks ago was so successful that the entertainment committee planned for this burgoo.

Miss Mary Danison, head trimmer for H. J .& L. M. Smith arrived Saturday and will resume her duties Monday a. m. H. J. & L. M. SMITH

CHAPIN

Miss Mary Bown is in Merritt this week the guest of her brother, Tim Rager.

The Chapin chicken and fish fry and horse show will be held next Thursday, Aug. 30.

Ollis Daniel of Jacksonville is visiting his sister, Mrs. Otto Wade.

A number from here attended the fish fry at Beardstown recently.

Otto Wade is finishing threshing this week.

James Daniel has sold his horse and purchased a Ford car.

Mrs. Otto Wade has been among the sick this week but is improved.

Mr. and Mrs. Jim Cull are guests of friends in Mt. Sterling.

Mrs. Frank Strunk motored to Beardstown recently and reported the roads in good condition.

E. A. Daniel and family were the guests of Mrs. Otto Wade last evening, making the trip from Literberry in their Mitchell car.

Mrs. F. P. McKinney was a shopper in Jacksonville yesterday.

ATTENDED TOURNEY.

Arthur M. Masters has returnd from Chicago, where he went to attend the American handicap marksmen's tournament. Sportsmen from all parts of the country were in attendance.

RETURN FROM AUTO TRIP.

Mr. and Mrs. Powell have arrived in the city after an automobile tour of 12000 miles including the state of Arkansas and other parts and all the journey they had no punctures and no mishaps. The doctor is director of the information bureau of the University of Illinois and they are guests of Prof. and Mrs. D. O. Clark on Park street.

OIL TO WINCHESTER

William Cocking sent a truck load of a thousand gallons of crude oil to Winchester yesterday to oil the road from the station to the city.

Dr. and Mrs. F. C. Noyes and son, Frederick, Jr., are spending a week at Alexis, Ill. Dr. Noyes will return to Jacksonville Friday.

OFFICERS NAMED FOR BLUFFS RED CROSS

Chapter Held First Regular Meeting Friday Evening—Active Work to Begin at Once—Other Bluffs News Items

Bluffs, Aug. 25—The local chapter of the Red Cross held their first regular meeting at Lewis' opera house Friday night and elected the following officers: president—Mrs. E. D. Beird, vice president, Mrs. Anna Arundel; secretary and treasurer Mrs. Janie Woodsen. Active work for the Red Cross will begin at once and each club and society is expected to cooperate. Mrs. P. M. Green and Miss Mattie Morris will superintend the cutting of garments. Each club will have charge of a certain branch of work. The membership is still growing and many are very enthusiastic over the planning of actual work.

Mrs. Charles Van Gundy and sons Durant and Jack are the guests of Mrs. E. A. Shore this week.

Mrs. Delpha Todd of Springfield is visiting relatives and friends in town this week.

Miss Mazie Carlton of Winchester is visiting her grandparents, Mr. and Mrs. S. E. Carlton.

There are at present 73 old soldiers of the civil war living in Scott county, nine of whom reside in Bluffs. Col. Tewksbury of Bluffs aged 87 being the eldest one.

The ladies of the M. E. church held a country kitchen at the Burrus store building Saturday afternoon.

Charles Brooks has returned from Slaughter, Ky., where he has been visiting his parents.

Mrs. Fannie Sears of Peoria is visiting friends in this vicinity.

Miss Estelle Van Hyning is the guest of relatives in Springfield this week.

Rev. and Mrs. C. H. Smith left Friday for their home in Kansas City, Kans.

PHOSPHATE ON WHEAT LAND PAYS WELL

Record of Dr. Hopkins' Farm in Southern Illinois Gives Ample Proof—Farm Notes.

Permanent soil fertility methods are practical and profitable on every Illinois farm. No better illustration of this fact can be cited than the resluts obtained by D. Cyril G. Hopkins on his farm in Marion county. Dr. Hopkins is well known in every Illinois community. His teachings are generally accepted thruout the state and farmers everywhere have benefitted by his soil experiments and investigations. He is also accomplishing notable results in profitable crop production on his own farm, and his practical experience supplies many worth while lessons in business farming.

The Hopkins' farm is typical southern Illinois prairie land. A few years ago it was noted for the impoverished condition of its soil and was commonly referred to as "Poorland Farm." This name has been retained by its present owner, altho it has lost its significance so far as poor crop yields are concerned. The soil has been enriched by systematic treatment and now produces very profitable crops.

The wheat on Poorland Farm this year made more than 44 bushels per acre. This was on land treated with manure, limestone and raw rock phosphate. On check strips where manure only had been applied, the yield was less than 8 bushels per acre, and where limestone was used in addition to the manure, 21 bushels per acre were harvested. The actual field yields under these differnt soil treatments are as follows:

With manure alone, 7.7 bushels per acre.

With manure and limestone, 21.3 bushels per acre.

With manure, limestone and raw rock phosphate, 44.1 bushels per acre.

These results were obtained under ordinary farm conditions, and can be secured on other farms if similar soil treatment is practiced. There is no guess work about it. It's a "sure thing" for any one who will farm as Dr. Hopkins farms.

There never was a time when improved methods in wheat culture gave greater promise for financial success. It will pay to spend more time and labor on seed bed preparation, and to invest money in applying the needed plant foods. Proper soil enrichment is essential to successful wheat yields, and can no more be neglected than proper tilling and good seed.

Illinois soils are notably deficient in phosphorus. Lime also is needed on the majority of farms. These two materials invariably increase wheat yields the first year, and will build up a permanent soil fertility for the benefit of the following crops. On farms where such a system has not already been inaugurated, this is the year to begin. Ground rock phosphate and limestone will do much to increase next year's wheat yields, and should be used wherever possible. See that these materials are applied to wheat lands this fall. More wheat need not mean more acres. Larger yields should be the aim rather than larger acreage. The world needs bread and it is up to Illinois farmers to grow more wheat per acre. Back up the bullets which Uncle Sam is supplying with bread from Illinois wheat produced in greater abundance than ever before, and America will win the war.—H. E. Young, Secretary, Illinois Farmers' Institute.

Good Price for Corn

H. S. Stevenson says he well remembers in 1849 his father, the late William Stevenson, hauled corn to the mill at the Pulliam dam, where now is the bridge in Nichols park, and sold it for a dollar a bushel. The highest the writer ever knew it to go during the Civil war was $1.10 but that was in greenbacks so that really it was little more than half that in gold. Had any one prophesied the present prices for grain and live stock he would have been set down as a dreamer to say the least.

Look at This Wheat Record.

One of the very best wheat records ever made in Morgan county was on the farm of County Treasurer W. A. Masters east of the city, where the threshing was recently completed. From ten acres the return was an average of 52 bushels and from a field of 33 acres the average was 45 bushels. This is Turkey Red hard wheat and naturally Mr. Masters believes it is a good kind to plant. For a considerable period Mr. Masters has followed the crop rotation of corn, then oats followed by wheat and he has found that this system maintains soil fertility and insures good crops if the weather conditions are at all favorable.

NEW RULES TO PREVENT SPREAD OF HOG CHOLERA

Drastic Regulations Prescribed by State Department of Agriculture —Order Issued by Chief Veterinarian

Springfield, Ill., Aug. 25—New and drastic regulations affecting the handling of hogs to prevent the spread of hog cholera are prescribed by the division of animal industry, Illinois department of agriculture, in an order issued by Chief Veterinarian A. T. Peters.

The order directs that no swine shall be removed from public stock yards to points within Illinois, except for immediate slaughter, unless the swine have been subjected to immunization from cholera by the administration of serum, or serum and virus, and disinfected by a two per cent solution of Cresol compound, U. S. P., and held in noninfected pens for six hours before being loaded in cars and covered by a permit prescribed by the department of agriculture for the consignment of swine in quarantine.

The rule does not apply where hogs shipped into the state have been immunized in accordance with the rules of the United States bureau of animal industry.

All swine covered by quarantine permits shall be isolated on the premises of the owner by the chief veterinarian for 35 days after arrival during which time weekly reports on the health of the hogs are to be made to the state department of agriculture.

J. R. PEAK'S FUNERAL HELD AT WINCHESTER

Services Held at Baptist Church Were Largely Attended—News Notes from Scott County.

Winchester, Aug. 25.—Funeral services for the late J. R. Peak were held Saturday afternoon at 2:30 o'clock from the Baptist church. The auditorium was completely filled with the sorrowing relatives and friends of the deceased. A quartet composed of Misses Louise Frost and Martha Higgins, O. Robertson and George Colling, furnished music for the occasion. The first selection by the quartet was "The Christian's Goodnight," after which the scripture lesson was read by the Rev. C. W. Caseley. The quartet then sang "Beautiful Isle," and prayer was offered by Rev. G. E. Prewitt. After a duet number, "Saved by Grace," by Misses Frost and Higgins, the Rev. W. R. Johnson delivered a sermon, concluding with an obituary sketch of the deceased. The closing number by the quartet wts "Asleep in Jesus."

The many beautiful floral offerings were cared for by nine granddaughters of the deceased, Mrs. Lizzie Peak, Mrs. Stella Stuart Taylor, Mrs. John Loar, Mrs. Melvin Murray, Mrs. Lizzie Stuart, Mrs. Whitlock, Misses Louise, Georgia and Kate Hamilton.

The bearers, six grandsons of the deceased, were Glenn, William and Fred Peak, Roy and Floyd Hamilton and Ray Stuart. The honorary bearers were C. B. Watt, Dr. James Miner, James Rough, Peter Obermeyer and J. M. Riggs. C. M. Parker of Griggsville, assisted Mr. Sappington. The long cortege of automobiles followed the remains to their resting place in the Winchester cemetery.

Personal Mention

Joseph Roark was a Jacksonville visitor Saturday in his Hudson six. His sister, Mrs. A. D. Marshall, accompanied him for a visit with her sister-in-law, Mrs. V. W. Scott.

Mrs. Sallie Demmitt returned this week from a four months' visit in Kirkwood, Ill.

Miss Callie Moses arrived Saturday afternoon from Mt. Sterling for a visit with relatives and friends.

William Wells and daughter, Rev. and Mrs. G. E. Prewitt and daughter, attended the chautauqua at Jacksonville Saturday.

Frank Markillie of Kansas City, who has been visiting friends in Jacksonville, arrived Saturday afternoon for a visit with his aunts Mrs. Ada Lankford and the Misses Estes.

CATHOLIC SOCIETIES IN ANNUAL CONVENTION

Many in Attendance at Sessions of American Federation of Catholic Societies in Kansas City—Adoption of Diocesan Plan to be Considered.

Kansas City, Mo., Aug. 25.—Many members of the Catholic hierarchy of the United States are here to attend the sixteenth annual convention of the American Federation of Catholic Societies which is to begin tomorrow and continue until Wednesday.

The list of churchmen, headed by the Rt. Rev. Giovanni Bonzano, apostolic delegates, and his suite, included more than thirty five archbishops and bishops and about 500 of the clergy. Several thousand delegates and visitors from all parts of the country also are here.

The recent peace proposal of Pope Benedict lent particular interest to the gathering and it is expected it will be made the occasion for some comment.

The Opening Session.

The convention will be inaugurated tomorrow forenoon with a pontifical high mass in the Cathedral, at which Archbishop Bonzano is to pontificate. Archbishop Glennon of St. Louis, will deliver the sermon. In order to accommodate the crowds expected, two field masses will be celebrated in the Cathedral yard by Archbishop Hanna of San Francisco.

Archbishop Glennon of St. Louis, will preside at a mass meeting to be held in Convention Hall tomorrow evening and which will be open to the public.

Addresses of welcome will be delivered by Bishop Thomas F. Lillis and Mayor George Edwards of Kansa City. John Whalen of New York, president of the Federation, will respond. Addresses also will be made by Archbishop Bonzano, Bishop Schrembs of Toledo, Ohio, and Federal Judge Martin J. Wade of Iowa City, Iowa.

Monday morning and afternoon business sessions will be held. In the evening there will be a patriotic celebration at a local park at which the visiting archbishops and bishops will talk.

Tuesday morning there will be a pontificial requiem mass for Archbishop Blank of New Orleans, Bishop James A. McFaul of Trenton, N. J., and other deceased members of the federation. Business sessions will occupy the remainder of the morning and most of the afternoon. In the evening there will be another mass meeting at which Bishop P. J. Muldoon, of Rockford, Ill., will preside. This meeting will be under the auspices of the social service commission of the Federation. Addresses dealing with social subjects will be delivered by the Rev. John W. Melody, Washington, Quin O'Brien, Chicago, and the Rev. Michael I. Stritch, St. Louis. The convention will adjourn with the election of officers Wednesday.

The Woman's League.

The Kansas City branch of the Catholic Women's League has arranged an elaborate program of social entertainment for the visiting women.

One of the important matters to come before the convention is the question of adopting the so-called "diocesan plan," whereby it is proposed to affiliate practically all of the smaller Catholic societies in the country with the Federation increasing the latter's membership by about three million. The federation is now composed of thirty of the larger Catholic societies. Under the diocesan plan the jurisdiction would be placed by diocese, affording a much more compact organization, federation officials say.

FIFTY DOLLARS REWARD

PAYABLE IN GOLD

To the first man or woman who brings me a buyer to whom I make a sale of my home.

House contains nine rooms besides bath, pantry, toilet on both first and second floors, electric lights, gas, city water, well and cistern within the kitchen, furnace, large attic, floored, all in good condition. Lot 90x180 with good barn, chicken sheds, garden and grass plat.

JOHN N. WARD

PUBLIC SALE OF VALUABLE LAND

Monday, September 8th at 1 p. m. William and Alva Rexroat, administrators of the estate of the late Louis Rexroat, will sell at the home place, half a mile northeast of Concord, 588 acres of choice land. It will be put up in 20, 30, 40, and 50 acre tracts first, then enough will be put together to make a moderately sized farm and offered in that way and sold if it brings more than in small parcels. Also some horses mules and personal property will be sold. Sale will take place rain or shine.

J. R. Bradshaw, Decatur, Auct.
Wm. and Alva Rexroat,
Administrators of the estate of Louis Rexroat.

BOND DEFICIENCY CASE APPEALED

An appeal has been taken to the circuit court by City Attorney J. J. Reeve on the decision handed down by Justice W. T. Dyer in the case of Alfred C. Hoy vs. the City of Jacksonville The decision was in favor of the complainant and the city now seeks a favorable decision from the higher court. Hoy acting as administrtor of an estate brought suit in an effort to secure payment of amount due on a West Court street paving bond, the principal and interest for two years amounting to $242.40.

COLLEGE STUDENTS SEEK WORK

Several young men and young women who expect to attend Illinois college this fall are looking for opportunities to work in order to earn a part of their expenses. The boys will do work of almost any kind out of school hours and the girls will help in household duties. Persons interested should call President Rammelkamp. Both phones 454.

CHARGED WITH LARCENY

Oscar Gray was arrested yesterday on the charge of larceny, the complainant being J. W. Hankins. Hankins charged that Gray entered his grocery and took between eight and ten dollars from the cash drawer. Gray was before Justice Dyer and gave bond in the sum of $100 for his appearance at the next term of the circuit court. His father was surety on the bond.

MOSCOW GIVES VALUABLE AID TO GOVERNMENT

Get-Together Spirit Prevails Among All Classes in Russian City—Conditions Unlike Those in Petrograd—Is Poor Field for Agitators.

Moscow. Aug. (Correspondence of The Associated Press) — United States Senator Elihu Root, and other members of the American Diplomatic Mission to Russia found conditions in Moscow quite unlike those in Petrograd. Moscow is less affected by politics and politicans. It is a poor field for agitators. German propagandists have made little headway in Moscow. It is typical of real Russia. It is the home of many little landowners of all classes. It is the headquarters of the Lemstvo organizations which have rendered valuable assistance to the army thruout the war. Industrial war committees have organized the laborers of Moscow very effectively for war purposes.

Consequently Moscow is much less given to parads and oratory than Petrograd. Instead of spending their days and nights carrying red banners and making speeches on the street corners, the working classes of Moscow are speeding up war supplies and doing everything in their power to bring the war to a successful conclusion. There is little talk of seperate peace in Moscow. It is unpopular. The Molshevik, or extreme socialist, who is always under suspicion as being in the pay of Germany receives scant courtesy in Moscow.

Organizations Are Effective.

There is a get-together spirit among all classes in Moscow. Instead of criticizing the coalition cabinet and demanding changes, Moscow citizens are rendering the government valuable aid in scores of ways thru their various effective organizations. The orthodox church has its seat in Moscow and is among the great bodies which are lending a steadying hand to the government and encouraging the army to render the allies of Russia every possible assistance thru active fighting along the Russian front.

Russia was fortunate in having Zemstvo organizations to help the situation at a time when its government was overthrown. These organizations are wholly seperate from the central government. They are free from national politics. The Zemstvos are organized in districts and also have provincial associations, as well as a national union thru which all the branches co-operate. The chief purposes of the organizations originally were the improvement of industrial condition, the betterment of agriculture and the uplifting of social conditions. Taxes are levied thru the Zemstvos. Roads, schools and hospitals are constructed by them, Medical treatment is provided. The organizations are highly paternal in their character. Peasants, as well as well as landowners, manufacturers and capitalists have a voice in their direction.

As the Zemstvo organizations had the confidence of all classes they were ideal mediums for all sorts of war activities. They rallied at the beginning of the war to the assistance of the government, equipped hospitals and supplied drugs. They also aided the government by supplying war materials of every kind. The even provided ships when such were needed for transportation on the lakes of Persia to supply the troops with provisions and ammunition.

To Open Wood Extract Factory.

Within two months the Zemstvo Union of the Caucasus will open a factory capable of supplying Russia with all the wood extract it requires for tanning purposes, thus meeting one of the greatest needs of both the military and civil population. This factory will have a capacity of 40,000 pounds of acid extract daily. Before the war Russia bought all its tanning acids from Germany, France and England. This supply is wholly cut off and leather has risen to prohibitive prices. A pair of fine calf boots, such as officers require, now sells at the equivalent of $75 gold.

The Zemstvo organizations have an abundance of hides. The government has turned over to them all the skins of animals killed to supply meat to the army, as well as the hides or horses killed in the war. Expert tanners are also available and as soon as wood extracts can be had the leather famine will be relieved.

Shoe tickets are now issued in all the leading Russian cities. Persons requiring shoes frequently stand in line at the shops for hours and are then nuable to obtain desirable shoes at any price. In consequence men, women and children are nearly all ill-shod. It is not uncommon to see handsomely dressed women wearing rusty old shoes wholly out of harmony with the rest of their costume. Cobblers are so busy repairing shoes that they will seldom promise a job in less than a week.

Russian peasants are accustomed to wearing sandals of woven birch bark and the shortage of leather has brought these into more general use among laborers.

To Relieve Leather Famine.

The effort of the Zemstovvs to relieve the leather famine is typical of the work the associations are doing along a score of lines. Peasant cottage industries have been fostered for many years by the Zemstvos, which furnish materials and patterns to workers and direct the selling of wares. This work is now being directed along lines which will supply the ordinary wearing apparal and household necessities that cannot reach Russia because of lack of transportation facilities.

Thru co-operative buying and selling the Zemstvos are also able to reduce prices on fuel and other staple articles required in every home. The government has recently announced its decision to take over breadstuffs and will probably utilize the Zemstvos in locating available grain.

Prompt Action Necessary to Allay Unrest.

London, Aug.— Necessity of prompt frank dealings with grievances of working men if widespread unrest is to be allayed is emphasized by commisisons appointed to investigate industrial unrest in Great Britain. The North-Western area commissioners declare that the government should undertake the full control of milk and all necessary foodstuffs, and of coal, and provide for delivery of the goods.

Liquor restrictions are regarded as a "source of a considerable loss of social temper"

The Yorkshire and Midland Commissioners give instances of such disparity in wages and report that "unskilled workers in some factories earn $50 and $90 weekly and could earn more but are afraid to do so." The London report says there is a danger that unless the workpeople be effectively representated in shop negotiations a large section of shop stewards will make common cause with the revolutionary group.

"The unrest is real, widespread and in some directions extreme," says the London commission. "We are at this moment within sight of a possible social upheaval, or at least extensive and manifold strikes. No tinkering will meet the requirements of the situation. It is necessary to secure the working man a fair share of the product of his labor and a just participation in the establishment of the conditions of the industry. The workmen consider they should be dealt with as men."

Japanese Take Up American Game.

Tokio. Aug — Interested in auto polo thru the exibition by the American combination that visited Japan last year, a small group of Japanese motor experts have taken up the game and are now prepared to give a series of exhibition for the public. They have engaged a big play-ground in Tokio.

Union of Soldiers and Sailors.

London. Aug.— The idea of a National Union of discharged soldiers and sailors was advanced a step the other day when one hundred delegates from various local organizations decided to form a National Federation with executive committees in different parts of the United Kingdom. The main work of the committees will be to secure proper treatment for their members in the matter of pensions and allowances.

James Myles Hogge, member of Parliament, addressing the delegates said that while pensions were more liberal than ever before, the amount granted was in many cases totally inadequate.

Takes Will Yield Large Revenue.

Mexico City. Aug.— Rafael Nieto, Under-Secretary of Fiance, announced recently that the taxes recently placed by the government on oils, minerals, alcohalic beverages, tobaccos and matches would yield the government an increased revenue of 30,000,000 pesos yearly.

Dr. H. L. Griswold is spending the week end with his family who are at Lake Matanzas.

All wool, style and value

Get Them All for Fall

Those three points have been kept before us in gathering fall stock for you.

You need all-wool for long wear and for its shape keeping qualities.

You need style to keep you up to the minute; it's a business and social asset.

You need value; every man wants his money's worth.

—In—

HART SCHAFFNER & MARX

clothes we can give you more of these three things than in any other clothes; that's why we sell them; that's why you ought to have them.

You get your money back here in case you don't think you get everything you ought to. Satisfaction means to us just what it does to you.

See the Hart Schaffner & Marx sport suits in the military models; greens, grays, browns in worsteds, tweeds-cheviots—$20 up.

GIANT'S SOUTHPAWS TOO MUCH FOR CUBS

Drop Two Games to New York, 6 to 1 and 2 to 1—Second Pitchers' Battle Between Schupp and Hendrix—Other National League Games

New York, Aug. 25—Great pitching by New York's left-handed pitching stars, Sallee and Schupp, enabled the Giants to defeat Chicago in a double header here today, 6 to 1 and 2 to 1. New York won the first game by bunching eight of their hits in the second and seventh innings. The second was a pitchers' battle between Schupp and Hendrix.

Dodgers Take Double Bill

Brooklyn, Aug. 25—Brooklyn defeated St. Louis in two games, winning 12 to 0 and 4 to 0. In the sixth inning of the first game Stengel and Daubert both tripled with the bases full. Meadows was knocked out of the box in the fourth inning of the second game when Myers hit a home run with two on bases. It was the first time Brooklyn had beaten Meadows this year. He had won four games from Brooklyn.

INTERESTING NEWS OF THE SPORT WORLD

(By Associated Press.)

St. Louis, Mo., Aug. — Announcement is made by Phil Ball, president of the St. Louis American League club, that despite severe criticism, Fielder Jones will be retained as manager for the 1918 season. Ball also said that Jones could trade the entire team, if necessary to acquire men suited to his style of play.

"The poor showing of the team this year is not Jones' fault," Ball said. "Accidents and sickness among the players handicapped the club from the first. The slump has subjected Jones to severe criticism.

"The owners of the club think highly of Jones' ability and will give him all the support necessary to bring out a winning club next year. Jones will stick. We want him on the job.

"The team never has been intact. First Davenport was shot and then Shotton became ill. Next Weilman went under the surgeon's knife. Then Pratt broke a wrist. Lavan also has been out of the game off and on. Sisler hobbled around four weeks on a bad foot; Austin broke a finger and finally Plank retired from baseball. Its absurd to blame Jones for all this misfortune. He is entitled to another trial and he will get it."

When informed of Ball's statement, Jones said:

"I will rebuild by team around Sisler, Pratt and Austin. I am not going to tear this club apart just to experiment. I know it is a good ball club as it stands and it isn't going to take much additional strength to whip it into a winner."

Minneapolis, Aug. — Virtually an entire new team will have to be drilled by Dr. H. L. Williams, coach of the University of Minnesota football eleven, to represent the Maroon and Gold this fall. Of nineteen members of last year's strong squad who would be eligible this year, only five will return to school. Twelve are in federal service, one is married and out of school and another has left the state.

Captain George Hauser, who has been studying forestry in the northern woods, is certain to return and so is "Con' Eckund, who has been a life-guard at a local bathing beach. Coach Williams is expected to build the Minnesota line around these two men.

"Buck" Flynn and "Kewpie" Schroeder have an edge on the outpost positions at present. Flynn, as a running mate to Captain Baston showed flashes of brilliancy in the Chicago and Wisconsin games last fall. Schroeder is one of the most promising men from the freshmen team.

Both Norman Kingsley and "Villa' Van Neat, who acted as understudies to "Pudge" Wyman and "Shorty" Long, respectively, will be back. Kingsley is a good forward passer and Van Nest played quarterback in several of last year's preliminary games.

Probably the most difficult task facing Coach Williams is the development of a set of half backs. In former years material for this part of the offensive has always been plentiful, but this season the Gopher coach will have to depend largely upon the eligible second year men. Many of the latter also are in military service.

WHITE SOX MAKE CLEAN SWEEP OF SERIES

Take Final Game by Score of 4 to 1—"Griffith Day" Celebrated in Chicago—Boston Trims Lowly Browns—Other Games.

Chicago, Aug. 25.—"Griffith Day" was celebrated by Chicago this afternoon when the White Sox won the final game with Washington 4 to 1, making a clean sweep of the series. Rowland's men failed to gain in the pennant race, however, as Boston won from St. Louis. The game was a pitching duel between Johnson and Urban Faber. Five runs were made during the game but none were earned. Chicago got its first run in the fourth when a wild pitch by Johnson enabled Collins to score. Leonard's error started the Chicago rally in the seventh.

Red Sox Continue Winning.

St. Louis, Mo., Aug. 25.—The Boston and St. Louis teams went thru a competitive military drill under the supervision of Lieutenant Colonel Raymond Sheldon, U. S. A., before today's game, which Boston won 3 to 2. The army officer has inspected six clubs in three cities in the west and his visit here concluded his tour. The winner of the $500 prize offered for the best drilled team is expected to be announced Monday or Tuesday.

CHOSEN ATHLETIC DIRECTOR.

Bloomington, Ill., Aug. 25—Clyde G. Alwood, captain of last year's University of Illinois basketball team was today chosen as director of athletics at Bloomington high school to succeed Ralph N. McCord who resigned to go to Fort Sheridan. The new coach hails from Clinton.

Now Is the Best Time to Buy a Hudson Super-Six

Today's Prices are Based on Last Year's Material Costs. Present Markets Have Already Forced 51 Makers to Add $100 to $700 to Their Prices

Former $1200 and $1400 cars now cost as much as a Hudson Super-Six.

No changes warrant such an increase. They are practically the same as the cars which recently sold at $200 to $300 less than the Hudson Super-Six.

Cars in the $2000 class and up have increased from $350 to $700. That removes them further from the Hudson Super-Six price.

Increased cost of material is responsible for the higher prices.

Hudson prices have not increased this year. Our materials were contracted for months ago. When present supplies are exhausted then Hudsons, too, must cost more. Until then Hudson, because of its value, is the lowest priced car on the market.

Here is an indication of how prices have been affected. Consider just one item.

The principal material in a fine automobile is steel. All steel is made from iron.

For 25 years before the Great War the average price of iron was a few cents over $16 a ton. In December last it was $30 a ton. It now is $54 a ton.

Makers who bought materials this year must get more for their cars than for those built of materials bought last year.

Good Fortune for Hudson Buyers

Even when other cars sold at $200 to $300 less, Super-Six sales exceeded those of any two makes in the $1200 to $1400 class. Now that there is no such difference in price you can realize how much greater will be the demand for Hudsons. The present supply won't last long. Then Hudson, too, must cost more.

There can be no preference now that former cheaper cars cost as much as the Super-Six.

Super-Six endurance makes it the preferred among fine cars. In every revealing test it has proved endurance unequalled by any other car.

All Due to the Super-Six Motor

Hudson leadership is due to the Super-Six motor. No other moter is like it. It minimizes vibration. That increases power and lengthens motor life. Vibration is the most destructive force in a motor. All Hudson tests show how by minimizing vibration endurance is obtained. The Super-Six is the most powerful automobile motor of its size known.

No owner has yet discovered the real limits of Super-Six endurance and almost 40,000 Super-Sixes are now in daily service.

Endurance is the most wanted quality of a motor car. A car should not wear out soon. It should not require frequent mechanical attention. That Hudson has proved.

You Need No Greater Proof for Hudson

A double transcontinental run with a seven-passenger phaeton broke every previous record each way. Pike's Peak, up the highest and longest mountain road in the world, was climbed by a Super-Six special in less time than any other car. Twenty-two of the world's fastest special cars contested. A stock chassis established the record for the fastest mile. A stock Super-Six phaeton made the fastest time for one hour. Carrying driver and one passenger, car fully equipped, it traveled 100 miles at an average of 74.67 miles per hour.

A stock chassis made the greatest 24-hour long-distance run on record. It covered 1819 miles in that time and at the stop showed nothing to indicate that its endurance had been reached

But these tests, greater than any other car ever made, were not enough to reveal the limits of Hudson endurance. Then special racing cars were built that they might compete on the speedway with the world's principle that accounts for Hudson endurance in the fastest, most carefully built automobiles. The same stock cars is included in these.

The American Speedway record for 200 miles was established by one of them at an average speed of 104 miles an hour.

That speed for that distance calls for endurance beyond that which ordinarily is needed in a lifetime's requirements. These are proofs of Hudson endurance. They indicate the service you may expect from a Hudson Super-Six. If such tests mean nothing to you because of their extremes, then think what the service to almost 40,000 users means. There can be no greater assurance than that.

There is no advantage now in buying another car, not even the apparent saving in the first cost price.

But the number of Super-Sixes that can be built from last year's material purchases is limited. If you are to get your car at the present price it must be from that number. You must decide soon.

The Phaeton costs $1650, f. o. b. Detroit. There are seven other body designs of open and closed models.

Story's Exchange, Real Estate, Loans and Insurance.

Big rains, big crops, big values, means big business for everybody connected with farms or farmings. Some men are still saying, in their ignorance, "Land is too high"; my great grandfather said that a hundred years ago and my grand father and father still say it. But during all this time land has gone higher, higher, HIGHER. To those who have not bought, their best time is to buy now.

FARM PROPERTY

One and three-quarter miles from a shipping point in Jersey county we are offering 169 acres of which 80 is fine level land and the balance runs from gently rolling to slightly rough. There are 85 acres in corn, 35 acres in clover, 10 in meadow, 5 in cow peas, and the balance in blue grass. There is an eight room house, barn for eight horses, large corn crib, cattle barn for 75 head of cattle and can be had for $100 per acre. Where can you beat it?

East of Woodson we have a nice little farm of 120 acres with an eight room house, basement concreted under all, furnace, bath. A barn for 12 head of horses, with corn cribs, hog houses and plenty other out buildings and an abundance of fruit. If this farm could be sold soon they would get the entire crop of rye, hay, corn, cattle, hogs, implements and everything but the household goods for $20,000. This is the time for some live wire to get busy.

A farm of 40 acres three and one-half miles from Joy Prairie of which 35 acres are tillable, this is well fenced and has a three room house with summer kitchen, barn and shed, corn crib, two wells, good cellar, and plenty of fruit. Price $4000. Will exchange for city property.

160 acres north of the city most of which is fine farming land with an excellent set of improvements. There is a good six room house with pumps, cistern, concrete walks. A No. 1 barn, hog houses, cow barn, stock scales and a real ready-made home, years and years in the making. This land is in excellent condition, well fenced and making plenty of money. This is one of our best bargains for immediate sale.

MANY WAR RELIEF ORGANIZATIONS ALLIED

Seventy Five are Federalized Under One Management—Funds and Supplies Shipped Abroad Total $30,000,000—Directory Issued.

A Directory has been issued by the Federal Council of Allied War Charities comprising some 75 national organizations engaged in war relief work in the countries of the Allies and showing that the funds raised by these organizations up to the present time and since the beginning of the war aggregate, in money and the value of supplies shipped abroad, $30,000,000. The Directory further states that the organization represented in the Federal Council have a membership of more than 2,000,000 persons with 5000 branches thruout the United States.

The figures quoted above, it is declared, are not necessarily final, but underestimate, rather than overestimate, the facts.

The Directory contains a statement issued by Judge Robert S. Lovett, until lately chairman of the Committee on Co-operation of the American Red Cross, urging that the public continue to subscribe funds to the various organizations, and to in no way lessen their activities because of the present broad scope of the work undertaken by the Red Cross itself.

Comprehensive Work Shown.

A foreword to the Directory which was prepared under the supervision of John Moffat, Executive Chairman, says: "The tabulation of the organizations embraced in the Federal Council of Allied War Charities is impressive. It is not merely the number of separate Committees, the comprehensive character of the work they have undertaken and sucessfully accomplished, nor the large sums which have gone directly to the cause of relief thru many channels.

"The impressive fact is that so many distinct and separate agencies are harmoniously co-operating with the sole object of increasing efficiency and economy of operation and extending the widest and largest possible measure of relief to the War Sufferers.

"The federation of these organizations into a central body constitutes strength which could not otherwise have been realized. It has created, furthermore, a feeling of confidence in each organization and in the organizations taken collectively. This has resulted in an increased flow of contributions to the individual organizations, and has done much to create a basis for effective co-operation, with the American Red Cross, which could not have been achieved had each organization acted for itself.

Big Group of Charitable People.

"It is doubtful whether, in the history of the United States, so many persons of prominence have before been banded together with a common charitable object in view as are represented upon the Committees contained in this Directory. The high standing of the individuals, the fact that they are known from one end of the country to the other, and that they have volunteered their services without other motive than to assist the unfortunate victims of the war, constitutes a glorious chapter in the annals of American philanthropy."

The Directory gives the names of the officers of each of the 75 committees and contains an outline of the work they have accomplished, together with a statement of the funds raised and how they have been expended. It provides an intimate view of the many phases of war relief which have been undertaken by Americans in the United States as well as those who have gone to labor in France, Great Britain, Serbia and elsewhere.

The Directory is the first compilation in one volume of the many activities represented by the 75 organizations. It is also virtually a Directory of the public spirited men and women of America whose hearts have been touched by the fearful plight of the war sufferers in many lands.

List of Organizations.

The following are the organizations concerning which the Directory gives detailed information: American Ambulance in Russia, American Auxiliary of the Women's National Health Association of Ireland, Inc., American, British, French, Belgian, Permanent Blind Relief, American Committee for Training in Suitable Trades the Maimed Soldiers of France, American Committee of Allied Home Fund, American Committee for Armenian and Syrian Relief, American Committee of the American Ambulance Hospital in Paris, American Committee of the International Reconstruction League, American Field Service in France, American Fund for the Heroes of France and Her Allies, American Fund for French wounded, American Girls Aid, American Students Committee of the Ecole des Beaux Arts, American Women's Hospitals, American Committee Collecting for the War Charities of the Queen of the Belgians, American Women's War Releif Fund, Amrican Ice Flotilla Committee, Appui Aux Artistes, British American War Relief Fund, British section of the Belgian Official Committee of Help for Refugees in France, British War Relief Association, Inc., Charite Maternelle de Paris, Chelsea War Refugees Fund, London (American Brance: Belgian Refugees Knitting Yarn Fund), Committee for Men Blinded in Battle, Committee of Mercy, Duryea War Relief—Secour Duryea, Edith Wharton's War Charities in France, Emergency Aid of Pennsylvania, Federal Council Delegates, Franco-Amtrican Committee for the Protection of the Children of the Frontier, French Actors' Fund, French Bureau, French Tuberculosis War Victims Fund, Hospital Under Three Flags, Hudson River War Relief Committee, Joint Distribution Committee of the Funds for Jewish War Sufferers, Junior Patriots of America, Lady Helmsley's Fund, La Fayette Fund, League of the Allies, League of Catholic Women, Le Bien—Etre Du Blesse, Les Gens de Lettres Francais, Lord Charles Beresford's Fund, Mayfair War Relief, Mercy Committee of New eJrsey, Militia of Mercy, Millicent Sutherland Ambulance, The London Motor Volunteer Corps, National Allied Relief Committee, National League for Woman's Service, National Special Aid Society, National Surgical Dressings Committee of America, Needlework Guild of America, New England Italian War Relief Fund, P. S. D. Fund (Physicians', Surgeons' and Dentists' Fund), Polish Reconstruction League, Polish Victims Releif Fund, Refugees in Russia Fund, Roumanian Relief Committee of America, Russian War Relief Committee, Scotish Highlaonders Relief Association of Highland Societies in Edinburgh, Serbian Distress Fund Boston, Serbian Hospitals Fund, Serbian Relief Committee of America, Secours de Guerre, Secours National for the Relief of French Women ad Children and Belgian Refugees, Shamrock Fund, Stage Women's Relief, Trench Comfort Packets for U. S. and Allies, U. S. A. Section of Committee for Releif of Belgian Prisoners in Germany, Vacation War Relief Committee of the Vacation Association, Inc., Venetian Fund, War Babies Cradle, War Relief Clearing House for France and Her Allies.

Mention is also made of the forthcoming Allied Bazaar to be held under the auspices of the League of the Allies, at the Grand Central Palace, New York, in November and in which more than fifty Committees will participate. John Moffat is to direct the bazaar.

PUBLIC SALE!

Having decided to leave the state, I will offer at public sale at my residence one and three-fourth miles south and one-fourth mile west of Nortonville, Beginning at 11 a. m.

—on—

Thursday, August 30th

The Following Personal Property:

15 Head Horses and Cattle

One black horse, 3 years old; 1 sorrel horse, 6 years old; 1 bay mare, 7 years old, bred; 1 yearling filly; 1 suckling colt.

One Jersey cow, 6 years old, good milker; 1 roan cow, 2 years old, giving milk; 1 Hereford cow, 2 years old, giving milk; 1 red cow, 2 years old, giving milk; 5 yearling heifers; 1 red Polled Bull, 1 year old.

Implements, Vehicles, Grain

One farm wagon; 1 corn planter; 1 harrow; 1 pair cultivators; 1 two-horse plow; 100 bu. oats in bin.

TERMS OF SALE

All sums of $10 and under cash in hand. Six months' credit on sums over $10, the purchaser to furnish a note with approved security before removal of property. Notes to draw interest from date of sale at rate of 7 per cent per annum. Three per cent off for cash.

Lunch Served by Ladies of Union Grove Church.

R. H. SAMPLE

H. E. Spencer, Auctioneer.
Isaiah Whitlock, Clerk.

NOTICE TO CONTRACTORS

Bids are hereby asked by the City of Jacksonville for the construction of certain sidewalks on the following: North Main, South East, North Pine, North Diamond, West College, South Sandy, Lurton, West Court Streets; Allen, South Clay and East Independence avenues. Sidewalks are to be constructed adjacent to property where owners have failed to comply with sidewalk ordinances. Specifications are on file in the office of the city clerk and contractors can there acquaint themselves with the law governing work of this kind and the provision for payment.

Bids will be received until 10 o'clock a. m., Thursday, Sept. 6, 1917.

R. L. Pyatt, City Clerk.

JERSEY COUNTY PIG CLUB

Next Friday, Aug. 31, at Jerseyville there is to be an interesting exhibit of pigs. There is a young people's pig club in Jersey county and briefly the terms are these

Each boy or girl may feed one pig. It must have been farrowed not later than March first and must have been fed according to instructions from the state board of agriculture. The original price of the animals was $10.00 each and are to be sold after three months feeding, as all had to begin June first. The winner will have a scholarship and free ticket and transportation to the state fair. The exhibition is to begin at 11 a. m. and all interested are invited to be present.

W. H. Rowell of Delhi was in the city yesterday and called at the Journal office and explained the matter and was anxious that people this place should be present. He said his son took a pig and put thirty pounds on it in June and sixty in July. It is a Duroc. He is anxious to see some people from his old Morgan county home there at the exhibition.

MISSION FESTIVAL AT SALEM CHURCH

The annual mission festival will be observed by Salem Evangelical Lutheran church today. The morning service at 10:30 will be conducted in German and the sermon will be delivered by Rev. H. Vatthauer of Lydda, Ill. At 2:30 in the afternoon Rev. J. Deterding of Neelyville will be the speaker. This service will be in English. A stereopticon lecture on Mission Work" among the Negroes of the South" will be given by the pastor at the evening service.

At each service of the day an offering for missions will be taken. Special musical numbers will be rendered by the choir and Mrs. R. L. Stice. The public is cordially invited to attend all the services.

MAKE A FIT SEED BED FOR WHEAT

Improperly Prepared Soil May Result in Poor Stand and Loss of Entire Investment, Specialists Point Out.

Washington, D. C., Aug. 25—"Make the seed bed fit for the seed Do not 'intern' wheat worth $3 to $4 a bushel for seed purposes in a condition of soil impossible for germination."

That precaution is urged by the United States Department of Agriculture on all farmers who contemplate sowing the high-priced seed of a high-priced food this fall. To plant seed on poorly prepared land not only wastes the seed that does not germinate, the specialists point out, but it may mean the loss of an entire investment if a paying stand is not obtained.

Advise Deep Plowing.

A seed bed for wheat must be firm, moist, and well compacted beneath with a mellow, finely divided upper three inches of soil, the specialists advise. If wheat is grown in rotation with oats or after wheat, the stubble should be plowed to a depth of at least 7 inches immediately after harvesting the preceding crop of grain. The ground should be harrowed within a few hours after plowing and cultivation with harrow, disk, drag or roller should be given as necessary thereafter until planting time. These operations are necessary to kill weeds, to settle and make firm the subsoil, and to maintain a soil mulch on the surface. The earlier the preparation of a seed bed for wheat is started the better the condition of the soil will be at planting time. Late plowing does not allow time for thoro preparation.

If a cultivated crop precedes wheat frequent cultivation given to this crop will preserve moisture and maintain a soil mulch. If level cultivation has been practiced, a good seed bed easily can be prepared by disking and harrowing after removing the crop. However, if weeds are present, it may be advisable to plow shallow, the disk preceding and following the plow.

Firm Seed Bed Helps.

Early plowing followed by thoro tillage aid in catching the water which falls and in conserving this and the water already in the soil for use by the wheat plants. The firm seed bed under the mulch thus made enables the young plants to make use of the subsoil waters which rise when there is a perfect union between the plowed soil and the subsoil. Sufficient moisture is thus assured for the germination of the seed and for the early fall growth of the seedlings, a very important consideration. Plant food is also likely to be more abundant in the soil when such methods are employed.

In the importance of thoro tillage were more generally recognized and proper methods of seed-bed preparation were more widely employed thruout the so-called humid areas, there would be less frequent losses from drought and better wheat crops would result, the Department specialists declare. In this area the mistake is often made of thinking there will always be moisture enough for a maximum crop growth, with the result that short crops often are obtained where more attention to moisture conservation would have assured good yields.

PASSING OF THE WHEAT PIT.

Chicago, Ill., Aug. 25.—Chicago today loses one of its most venerable and distinctive institutions—the famous "wheat pit" of the Board of Trade. In response to a notice from Herbert Hoover, food administrator, that the Government would undertake purchases of wheat at interior terminals beginning Sept. 1, the directors of the Board have voted to discontinue all transactions in wheat for future delivery after today. The famous "pit" will remain closed durin the duration of the war. There are some, in fact, who beleive that conditions will be so changed before the conflict is ended, that the business of dealing in wheat futures will never be resumed.

Chicago's "wheat pit" is almost as old as the city itself. It came into existence with the first organization of the Board of Trade, which institution will celebrate its 70th birthday next March. History records many corners engineered in the old pit. Many a quaint character stood there defiant and bluffed the world to offer him more wheat than he could buy. Among the famous speculators who have contributed exciting chapters to the history of the institutions have been Joe Leiter, who lost millions in his attempt to corner the wheat market in 1898; B. P. Hutchinson, familiarly known as "Old Hutch," who in 1888 put wheat up to two dollars, then an unheard of price; A. T. Harper, the Cincinnati banker who attempted to corner the wheat market and ended a broken man in the penitentiary, and John W. Gates, of "bet you a million" fame.

MRS. LOTTIE GREENLEAF HURT IN AUTO ACCIDENT

Word has been received here by Miss Emma Reynolds of injuries sustained by Mrs. Lottie Greenleaf, of Kalamazoo, who was run over by an automobile and severely bruised and shaken up. The information came from Mrs. Greenleaf's sister, Mrs. Martha Mount Pinckney. Mrs. Pinckney and Mrs. Greenleaf are well known in this city, formerly having been residents here, and their many friends here will be glad to hear of Mrs. Greenleaf's ultimate recovery.

AN OVERLAND AUTO PARTY

August F. Altag and wife and Mrs. Henry Altag all from Strasburg, Ill., arrived in the city Friday night in their Overland car on their way to Colorado.

PAN-AMERICAN MOTORS CORPORATION PLANT

All Stockholders and The Public in general is invited to call and inspect this, one of the most modern auto manufacturing plants in the world.

Open for inspection from 10 a. m. to 10 p. m. Refreshments, music and transportation from the business center of the city free.

What You Will See

You will see the result of the most remarkable record, of industrial financing and factory building in the history of the Automobile Business.

You will see a factory in actual production in a little over three months from the time the contracts were let for the building.

Actually producing cars and making money for its stockholders.

You will see every stage of the construction of a modern automobile from the assembling of the frame parts to the finishing touches of painting and trimming.

You will see the realization of an ideal, the ideal car at the ideal price, not just another automobile, but a car of genuine distinction, sturdy, beautiful and at a happy medium price.

Over 2,000 Bankers, Business, Professional Men and Farmers scattered over fifteen states have investigated and bought stock in this company.

HERE IS THE REASON

They investigated—and found the **management** right.

They investigated—and found the **product** right.

They approved of our business policy.

Before they put in a dollar they convinced themselves that it was an **investment**—and not a **speculation.**

They found no one person or clique of men holding the controlling interest. They found that the entire Board of Directors owned less than 15 per cent of the total stock of the Company. They found that every stockholder was entitled to vote at all stockholders' meetings; that we have never sold one dollar's worth of stock for less than **par** value; that the affairs of the Company were conducted on a "square deal" basis; that we have never made any promises we have not fulfilled.

They found a well-oiled, smooth-running **organization;** every department of the business in charge of a man thoroughly experienced in his line. They found, not a **one-man** proposition—not a collection of individuals—but an organization—capable, experienced, efficient to the last degree.

They satisfied themselves that the car could be produced at a good profit—**and that we could sell three times as many as we could build.**

Site of the Pan-American Factory as it was a few months ago.

These are the sound reasons that caused these men to invest in Pan-American, and since their initial investment many of them have re-bought three or four times.

There are four essentials to success in automobile manufacturing.

These are: Men, Money and Materials—and the right car.

The Pan-American Motors Corporation has all the four essentials.

Come on the Opening Day. See for yourself. If you are at present a stockholder, buy more—all you can afford.

If you are not at present a stockholder, now is the time to get in with us—it will not be long before all of the remaining stock will be over-subscribed.

Take advantage of this opportunity of seeing the factory if you can. If you cannot, at least mail the coupon—today—and we will place all of our data before you.

N. B.: By the end of this month we will have sufficient funds to put us on a 3,000 cars a year basis. The price—today—is $12.50 per share—and there remains only a small amount of stock to be had at any price.

WAR INDEMNITY BILL BEFORE CONGRESS

Letter from Secretary McAdoo to Red Cross Society Explains Prospective Plan for the Care of Dependents—Plan Similar to Workman's Compensation Proposed in Place of Pension System.

It is a matter of importance to the Red Cross that, at the instance of Secretary of the Treasury McAdoo, a comprehensive measure providing for the financial assistance of the families of American soldiers and sailors has been introduced in Congress.

Henry P. Davison, chairman, on behalf of the Red Cross War Council, recently authorized the following:

"Obviously the task of providing for the financial assistance of the families of our soldiers and sailors is so large that the government alone can assume it. In no other way can the burden be discharged fairly and as a matter of right rather than charity. No voluntary organization, or organizations, could adequately cope with a duty of such magnitude."

The bill, which was introduced in both Houses of Congress simultaneously, represents a very careful study of the whole problem of possible dependency as a result of the war and a conscientious estimate of the Government's recognition of its responsibility.

As drawn the bill is an amendment to the Act establishing the Bureau of War Risk Insurance and adds to the functions of this Bureau the administration of family allowances and allotments to dependents, of compensation for death or disability, and of life insurance for men in the military or naval service.

In a memorandum, Secretary McAdoo explains the operation of the proposed legislation.

Expenditures Estimated

"I realize," says the Secretary of the Treasury, "that the cost involved in the promulgation of such a comprehensive plan is a most important factor to be considered. Actuarial estimates were submitted to me. These estimates are necessarily of a tentative character, owing to the fact that it is impossible to secure accurate data upon which to base calculations. After careful consideration of these estimates, and after consultation with Captain S. H. Wolfe, of the War Department, one of the leading actuaries of the country, I have reached the conclusion that if the bill is promptly enacted into law the total expenditure for the first and second years will be as follows:

Family allowances, first year, $141,000,000; second year $190,000,000.

Death indemnities, first year, $3,700,000; second year $22,000,000.

Compensation for total disability, first year, $5,250,000; second year, $35,000,000.

Compensation for partial disability, first year $3,200,000; second year $21,000,000.

Insurance against death and disability, first year, $23,000,000; second year $112,500,000.

Total, first year, $176,150,000; second year, $380,500,000.

"The bill is intended to meet those essential and fundamental principles of justice which you have so much at heart. Its main purpose is to grant a reasonable government indemnity against the losses and risks incurred in the discharge of a patriotic duty and in the performance of an extraordinarily hazardous service to which the Government has called and forced the citizen. It is not only for the man but for his family.

"It aims to accomplish these ends by granting a reasonable measure of indemnity against risk of loss: (1) of support of the bread-winner; (2) of life and limb, (3) of present insurability at ordinary rates.

"The risk of dependency, in the case of an enlisted man's family, is indemnified against by allotment of part of the pay of the enlisted man supplemented by a family allowance granted and paid by the Government."

a Divide Responsibility

This system, as explained, means that the enlisted man shares with the Government in providing for the financial needs of his family. The compulsory allotments from the enlisted man's pay must equal the family allowance from the Government, with a minimum, however, of $15 monthly, and a maximum of one-half pay. There is a scale of allowances determined by the size of the dependent family, so that the monthly allowance ranges from $5 to $50, according to the number of dependents.

Secretary McAdoo illustrates the working of the system in the following example: "A private gets $33 a month for service abroad. If he has a wife and two children he must allot to them at least $15 out of his pay. The Government supplements this by giving the family an allowance of $32.50. This family's minimum monthly income, therefore, would be $47.50. The father can allot as much more as he pleases. If there is another child, the Government will allow $5 additional. If that man should have a father or mother actually dependent upon him, he can secure an allotment of $10 a month from the Government for the parent by alloting $5 more of his pay. Thus, the private with a wife, three children, and a mother actually dependent upon him, by giving $20 out of his $33 a month, would get from the Government $47.50 a month—giving the family an income of $67.50, and still leaving the man $13 per month for spending money. If there are more children, or if there is also a dependent father, the Government would give up to $50 in all, over and above a man's own allotment."

To instil thrift, to enable a man to build up a fund out of which he can pay the insurance premiums, and, above all, better to preserve equality and democracy among the members of our own forces and between them and the Allies, provision is made enabling the War Department and the Navy Department, by regulation, to compel men who do not allot one-half of their pay to deposit so much of the half-pay as is not allotted, these deposits to bear interest at 4 per cent per annum, compounded semi-annually.

Follows Workman's Compensation Act

"The risk of disability or death as to officers, men, and nurses while in active service as part of the military or naval forces of the United States is idemnified against by compensation on the analogy of the workman's compensation act rather than through a pension system.

"If total disability results from personal injury suffered or disease contracted in the course of the service, the compensation, based on the percentage of pay, but with a minimum of from $40 to $75 per month according to the size of the family, may increase for the higher officers to a maximum of $200 per month. Compensation is not payable, however, while the officer receives retirement allowance.

"Partial disabilities are compensated for on the basis of percentages of the compensation for total disability, dependent upon the average impairment of earning capacity resulting from such injuries in civil occupations. Provision is made for commutation under regulations, but of a part only of the compensation. Medical, surgical, and hospital treatment, supplies and appliances are given."

In addition to these compensations, rehabilitation and re-education of the injured man are recognized as vital elements in the scheme. The bill does not attempt to cover the matter of means and methods of effecting this, since a study of European experience with this problem is necessary, but the principle is established in the bill.

The Amount of Payments

"If death results from the injury or disease incurred or contracted in the course of the service," continues Secretary McAdoo's statement "compensation is paid to the widow, children, and dependent widowed mother. The amount based upon the percentage of pay, ranges from a minimum, according to the size of the family, from $15 to $60 per month, to a maximum for the higher officers of $200 per month.

"Risk of non-insurability at ordinary rates is indemnified against by the issuance of Government insurance, covering total disability, and death, to officers, men, and army nurses, while in the active service as part of the military or naval forces in the amount of $1,000 to $10,000.

"The excess cost due to the increased mortality and disability risk should clearly be borne by the Government. The cost of administering the insurance bureau for the benefit of the fighting men is also a proper governmental charge. As the Government will not have the other expenses incident to insurance, the premium rates to be charged by it are based upon the mortality experience tables of peace time without "loading." Loading comprises overhead charges, commissions to agents, advertising, etc., and is a large item in the premium charges of private companies."

With these "loading" expenses eliminated, Secretary McAdoo says an insurance costing during the war an average of $8 per $1,000 can be provided, thus bringing even the maximum of $10,000 insurance to only $80 per year premium—a charge within the reach of practically every private. After the war the insurance may be converted into other forms with earlier maturity, the premiums to be based, however, on the same mortality tables and without "loading."

"The laws and experiences of other countries," says the Secretary, "have been studied and used in the preparation of this bill. It is clearly recognized that the Government can offer but minimum protection based on general averages throughout the country, and that in many states and large cities especially, supplemental grants will be required. State and municipal legislation may be expected to meet this need."

Burden on Government

The bill places the responsibility for the gigantic task of relief of dependents where it obviously belongs—upon the National Government. At the same time there will be local obligations for relief—and in these the Red Cross will naturally function through its chapters and other local agencies. To quote again from the recent statement of the Chairman of the Red Cross War Council:

"The American people will not permit families to suffer want because their breadwinners are fighting for their country. Cases will undoubtedly arise wherein the allowance of the government will not be adequate to protect a family from financial distress. Such cases the Red Cross will hope to provide for through its Chapters."

FAMOUS UNIVERSITY TO BE DIVIDED

The Hague, Netherlands, July — The world-famed Belgian Roman Catholic university of Louvain is to be divided into a Walloon and Flemish parts, according to reports in the Dutch and German press. Lectures in French will continue to be given at Louvain, while Flemish courses will be given at Malines. The scientific institutions and collections will remain at the disposal of both while the professors will travel to and fro between Louvain and Malines.

Louvain correspondent says Cardinal Mercier may be expected officially to announce the division shortly.

ANNOUNCEMENT

I hereby announce my candidacy for the nomination for the office of county commissioner, subject to the decision of the Republican primary, September 12, 1917.

WYOMING ! !

The Land of Agriculture!

For the farmer and the renter of moderate means, the opportunity was never so good as today. The land in the arid district of Wyoming that may be had practically for the asking and the land sold under government and privately owned water rights, where prices of land are so low, and crops sure, are becoming less in acreage by day and much less by month and years.

We want to help the man of today to these advantages by sending him literature describing the land, soil, water, climate and general conditions that may be found in different localities and to correspond with him or talk to him.

This we do with absolutely no charge for our service.

If we help you to land where you will be prosperous and your family will be happy, we get our returns later on by hauling your freight. Our best efforts are put forth to give you advice that will meet your individual needs and save your time and money investigating. See immediately or write,

MOVING OF DRAFT ARMY TO TRAINING CAMPS

Procedure Men Will Be Expected to Follow Summarized by Provost Marshal Crowder—Each District Board Gives Notice to Members of Each Quota

Washington, D. C., Aug. 25—In less than two weeks from this date, according to present schedule, the first contingents of the great draft army are to start from their homes for the training camps. September 5 is the date set for putting into the army 30 per cent of the quota in each district in the order in which they were called for examination. Another 30 per cent is to be put into the army on September 15 and 30 per cent on September 30, with the remaining 10 per cent to follow later.

With the near approach of the date when they must quit civil life and put on the khaki the drafted men thruout the country are naturally curious as to the procedure they will be expected to follow when the day arrives for them to go into the army. This procedure, as outlined in orders from Provost Marshal Crowder, may be summarized as follows:

Each District Board shall give notice to the members of each quota as early as possible to hold himself ready to report at a certain place at a certain time. These Boards will mail copies of this notice to each man, post a notice in the office of the Board and turn a copy over to the newspapers. But the posting of the notice in the office of the Board is legal notice and failure to appear will not be excused on the ground that mail was not delivered or the selected man neglected to read that posted notice.

Duties of Local Board

The Adjutant General of the State will notify the local Board when it is desired that the quota for which the Board is responsible shall entrain for camp and time for the entraining. Every man in the quota shall be notified by posted notice and by mail to report at the office of the Board between 8 in the morning and 5 in the afternoon on the day set. The hour for reporting shall not be more than 24 hours before the time set nor less than 12.

On reporting the men will be held together and formed in line. The Board will have employed a number of assistants to direct the new soldiers; it will also have made contracts with lodging houses, hotels and restaurants in the neighborhood of the offices so that tickets issued by the Board will be accepted for the food and lodging of conscripts, these tickets to be cashed later by a disbursing officer of the Government.

Subject to Military Discipline

In the discretion of the Board men living in the neighborhood of the offices will be allowed to sleep and eat at their homes. Each man is to be notified that from this moment on he is a soldier and subject to military discipline.

Conscripts will be accompanied to their lodgings by members of the Board and assistants who will se to it that there is a bed for each man and that he is assigned to it. The men will be notified to appear for retreat roll call at the office of the Board at 5:30 in the afternoon. They will be told when they are to report to entrain. The hour for reporting to entrain shall be 45 minutes ahead of the time when the train is to depart, plus the time it takes to move the men from the office to the station.

When the men are assembled at the office for entrainment one of their number shall be selected by the Board as "the man in charge." He shall select an assistant. The men will be instructed to obey all instructions from "the man in charge" The quota, accompanied by the board, will then move to the station. The board will present transportation requests and receive tickets for the men and also food tickets for their meals en route.

"The Man in charge" will care for the tickets and will also have in his custody all the papers, roll and the like which accompany the troops and which are to be turned over to the adjutant of the training camp. As soon as the train has left the local board will telegraph the adjutant of the training camp, stating the number of men who have been sent, the time of their departure, their route and the probable time of their arrival. If the journey is of more than 12 hours "the man in charge" will send a telegram to the adjutant six hours before the arrival, telling when the quota is to be expected.

AMAZING RAPIDITY MARKED IT'S WORK

Local Woman Tells of Speedy Relief Tanlac Gave-100 Per Cent Improved

"I seemed to begin to improve almost after the first dose of Tanlac and now I really feel 100 per cent better in every way," Mrs. C. O'Neill well known Jacksonville woman of 236 West Chambers street, told the Tanlac Man on May 2.

"I was actually so nervous that I'd become irritated and 'out of fix with myself", Mrs. O'Neill continued. "For the past eight years my system generally had been run down, I couldn't sleep at night and felt tired and wornout all the time. I simply didn't seem to have any energy or strength at all.

"My mother told me so many people were being benefited by Tanlac and so I decided to try the new medicine. I'm rapidly gaining in strength now and my system seems to have been benefited in every respect. I sleep fine at night and my rest seems to do me more good as I don't feel tired and wornout thru the day anymore. My nerves are in much better shape now. I never have the irritable spells anymore. Tanlac is certainly the best medicine I've ever taken and I gladly recommend it to all my friends."

Tanlac is now being specially introduced and explained in Jacksonville at the East and West side stores of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at F. P. McKinney's; in Roodhouse at W. D. Berry's; in White Hall at the City Drug store; in Bluffs at F. T. Curils'; in Pittsfield at J. H. Barber & Co.; in Loami at L. M. VanDoren's; in Divernon at E. G. Haug's; in Manchester at C. D. Chapman's; in Winchester at the City Drug Store.—Adv.

CHURCH SERVICES

Salem Evangelical Lutheran Church—East College street. Rev. J. G. Kuppler, pastor. Twelfth Sunday after Trinity. Sunday school at 9:30 a. m. Mission Festival service in German at 10:30 a. m The Rev. H. Vatthaner of Lydda will preach the sermon. In the afternoon at 2:30 an English service will be held at which the Rev. J. Dederding of Neelyville will be the speaker. In the evening 7:30, the pastor will give a stereoptican lecture on Negro Missions in the South. At all services offerings will be lifted for missions. Everybody most cordially welcome.

State Street Presbyterian Church—Rev. R. B. Wilson, Pastor. Sunday school at 9:30 in morning. Our Primary department is at its best with newest methods for Christian training for the little ones. Now ask mother to send her children here. T. M. Tomlinson. Sunday school Superintendent. Wednesday evening prayer meeting at 7:30 to which you are invited. There will be no morning service or evening services on account of chautauqua week

First Church of Christ, Scientist—Regular services are held in Odd Fellows' Temple E. State St., Sunday at 1 a. m. Subject "Mind." Sunday School at 9:30 a. m. Testimonial meeting, Wednesday at 7:45 p. m. The reading room, 507 Ayers Bank Building, is open each week day from 3 to 5 p. m. The public is cordially invited to attend the services and to visit the reading room.

Grace Methodist Episcopal Church—F. B. Madden, minister. Sunday school 9:30 a. m. Sermon by the pastor 10:45 a. m. No evening service. The Fourth Quarterly Conference will be held at 7:30 p. m., Monday, Dr. F. A. McCarty presiding. The Illinois Annual conference will meet at Champaign, Sept. 5, Bishop Nicholson presiding.

Mt. Emory Baptist Church, Enos Larkin Scruggs, minister—Public worship at 11 a. m. and 8 p. m. Morning theme, "The Nature of Rewards in the Kingdom of God." Bible school at 2:30. B. Y. P. U. meeting at 6:45. Group under Mrs. Emma Williams will have charge of the program. Mr. Francisco McDonald will speak at this meeting. Come and hear him. At 8 the pastor will conclude the series of illustrated sermons. Pictures will be shown of the arrest, trial, crucifixion, resurrection and ascension of our Lord. A feature of the service will be the singing of the "Holy City" illustrated by twelve beautiful slides. Come early and get good seats. All are welcome.

Central Christian Church, M. L. Pontius, minister—Bible school at 9:30 a. m. C. L. DePew, superintendent. After the Bible school session there will be the regular communion service. No other services during the day because of the Chautauqua.

Brooklyn—Sunday school at 9:30 a. m. J. A. Walters, supt. Preaching by the pastor, W. W. Theobald, at 10:45 a. m. No service at night.

McCabe M. E. church—Cox St. M. L. Mackay, pastor. Services morning and evening. Sunday school 5:45 a. m. Mrs. E. U. Coen, Supt. Parents are earnestly requested to send their children here efficient etachers. The pastor will preach at both services. Morning theme, "A Cruel Denial." The evening subject, "Self Control." Good music. All invited to these services.

Centenary M. E. church—Rev. E. L. Pletcher, pastor. Sunday school at 9:45 a. m. Preaching service by the pastor at 10:45. Subject: "Service that Costs." No service in evening. Regular Wednesday evening prayer service. Next Sunday will be the last service of the conference year.

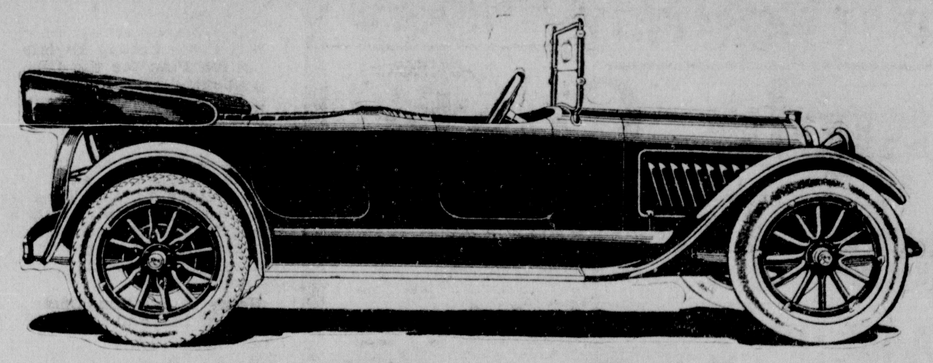

CRIMINALITY SHOWS INCREASE

Amsterdam, Netherlands, July — Doubling of the number of criminal offences committed in this city since the beginning of the war is attributed by the police superintendbut in part to mental aberration resulting from the great conflict. Other reasons assigned are the opportunities for smuggling and espionage, increased poverty and chronic idleness.

Criminality has increased among children as well as among adults, the police superintendent reports.

Ellis Zachman of McLeansboro was a business visitor in the city yesterday.

The Balanced Car Means a Balanced Business

It's Balance that Makes a successful Man, Business or Car

Announcing The Balanced Car
The ROSS

This Message announces two facts of especial importance relative to the Ross Car:

A Change of Management—The Addition of a Six-Cylinder Motor.

Both additions are highly significant for they mean new force, not only in this car but behind it as well. Both changes mean that present Ross distributors and those who become Ross Boosters will have a new power behind them to support their efforts.

The Ross is a car of amazing achievement, unequalled by cars of much higher prices. It embodies features that make it the best value on the market.

These are strong statements but, it is because they are true that men of broad experience in the automobile industry have recently severed other connections to concentrate their energy toward putting the Ross in its rightful place.

The Source of Power

Here are Some Detailed Facts About the Two Powerful Motors that Furnish the Energy for Ross Achievement

HERSCHELL-SPILLMAN EIGHT CYLINDER

Those who are familiar with these efficient motors need no introduction. The fact that some of these motors have traveled twenty-five thousand miles in Ross cars without noticeable depreciation, indicate their stamina. They will continue to propel the Ross Eight into further popularity.

CONTINENTAL N-7 SIX CYLINDER

The Continental was selected to maintain the Ross reputation in the New Ross Six because of its unexcelled reputation for flexibility, fuel economy and life. Made by the largest exclusive motor manufacturers in the world. Specialization and enormous production is responsible for Continental supremacy. A supreme motor for a supreme car.

Some General Specifications

Bodies: 7 Passenger, 4 Passenger Suburban Type, 3 Passenger Roadster, Coupe, Sedan and Town Car.

Design: Full streamline, one-man top. Unusually refined in design and finish.

Upholstering: Rich, blue mottled Spanish leather.

Windshield: Rain-vision; ventilating.

Motors: Continental N-7 6-Cylinder; Herschell-Spillman 8-Cylinder.

Transmission: Selective sliding gears; 3 speeds forward and reverse; chrome nickel-steel gears and shafts.

Clutch: Multiple disc.

Prices for Seven Passenger Touring Car, Four-Passenger Suburban Type and Three - Passenger Roadster

$1750—6-Cylinder with Wood Wheels - with Wire Wheels "Standard" $1800

$1850—8-Cylinder with Wood Wheels - with Wire Wheels "Standard" $1900

When other than Standard Wire Wheels are Desire, Price $100 More than Wood Wheels

HOLLAND MUST REDUCE OVERGROWN HERDS

Failure of Crops and Shortage of Fodder Imports Make Selling of Cattle Imperative—Germany Shows No Anxiety to Buy Animals.

The Hague, Netherlands, July.—(Correspondence).—Holland is in the unique position, in war-stricken Europe, of having 500,000 cattle more than she wants. The farmers want to get that number off their hands at all costs. What to do with these herds is the knotty problem facing the Netherlands government and in it is bound up the knottier and weightier problem of the country's grain supply from America, her economic welfare and perhaps indirectly her neutrality and independence.

With a bad grass and hay crop, with a great shortage of fodder imports, and at the moment, a suspension of grain shipments from the United States, the farmers are at their wits' end to find feed for their overgrown herds. But the home market is naturally overstocked, prices have fallen even below pre-war rates, and they are therefore begging and praying the government to open the frontiers for export as the only way out of the difficulty.

Export to Central Powers Limited

In any case the blockaded Central Powers cannot get more than half any such export. The standing agreement provides that Britain, France and the Belgian Relief Commission shall have 50 percent. of all cattle going across the frontiers. But America, on whom the Netherlands is so absolutely dependent for her grain supply, it is understood here, wants to stop all export of cattle and other produce to Germany, and presumably Holland also hesitates somewhat on this account.

The strange feature of this side of the question, as the correspondent of The Associated Press learns on good authority, is that blockaded Germany at present by no means evinces any anxiety to buy Dutch cattle. German farmers would doubtless jump at the chance; the German people would thankfully enlarge their bill of fare. But the authorities now look twice at every mark going across the frontiers in payment for imports.

Germany no doubt is ready to buy at her own price; she certainly would not refuse the cattle if offered her; but no application for cattle export has been made from the German side. The Associated Press correspondent is reliably informed.

Another possible way of disposing of a considerable portion of the surplus cattle, is by substituting beef for pork in the government's cheap food supply scheme. This might take an extra 50,000 or 60,000 head of cattle a month and account for 250,000 of the surplus cattle stocks and the plan is under consideration in high quarters.

Will Be In Quandary.

The news from America on the export question is causing considerable anxiety here. If the United States presses the demand for a complete stoppage of exports of Dutch agricultural products to Germany, as the price of continuing to supply her grain Holland will be in a quandary indeed. It is true she is, under present circumstances, entirely dependent on her overseas grain supplies seeing that her own crop is only sufficient to meet the needs of man and beast for three months.

On the other hand, apart from her own small coal output, she is practically entirely dependent on Germany for the fuel whereon depends the maintenance of lighting, heating, railways, shipping, fisheries and all her industries. For her own mines yield only about a quarter of her coal consumption, and import from Great Britain virtually has ceased, partly as a result of the onerous conditions made by the British authorities and partly on account of the ruthless submarine war. Holland likewise draws such indispensable products as cement, iron, potash, lime, dyes and drugs from Germany.

Hollanders say that it would be staking the security and independence of their country, for the present and the future, to depart from their policy of absolute impartiality and to differentiate in favor of the Allies.

Figures based on the latest foreign trade returns show that, in the first quarter of the current year, exports to the United Kingdom amounted in value to $21,000,000 and to Germany $19,600,000. Imports from Britain totalled $14,760,000 and from Germany to $10,000,000.

WARMEST JUNE IN YEARS

Stockholm, July — Last month was the warmest June in Sweden for 160 years. The mean average temperature was 18.1 degrees centigrade, against a normal 14.1.

George Richardson of the Point was discussing hog prices during the war yesterday and said that ten cents a pound was the highest he could recall.

NO MORE WHEAT TRADING ON BOARD OF TRADE

Speculation for Future Delivery Ceases Until After War—September Makes Dignified Exit

Chicago, Aug. 25.—Trading in wheat for future delivery ceased today on the Board of Trade until after the war. September, the sole remaining option, made a dignified exit from the market at $2.11½, which was half cent below the final figures yesterday. Corn was subject to selling pressure thruout the session and closed weak 2¾ to 2⅞c net lower, with December at $1.07¾ to $1.07⅞ and May at $1.05⅝ to $1.05½. Oats lost ¾c to 1c and provisions had weak support and finished from 50c to $1.10 lower.

Settlement prices four outstanding September contracts will be fixed by a committee appointed by the president of the Board of Trade. Unofficial reports current round the wheat pit were that the government price would be set at $2.10. Larger deliveries were looked for with the determination of the official price.

Higher corn prices expected by the trade today because of the hint of frost yesterday did not materialize. Mare favorable weather conditions prevailed, most of the belt and offerings from long stocks were abundant. Buying power seemed limited and the market had a downward trend all day the decline being accelerated toward the close when weakness developed in the cash market. The close was near the low point.

Offerings of oats from local houses were heavy and prices sagged with corn. Reports of favorable weather tidings of threshing with heavy yields added to the decline.

FOR SALE—Or will EXCHANGE for lower grade rent property; One of the best built, best equipped, best finished, best located homes in Jacksonville, in perfect condition. Can carry a liberal loan if desired. Call in person if interested. Don't phone. The Johnston Agency. 8-26-2t

LITTLE ACTIVITY ON STOCK EXCHANGE

Trade—With One Exception—Dullest of Year—Transactions Fall to 110,000 Shares.

New York, Aug. 25.—With one exception—that of the previous week-end—today's brief period of trade on the stock exchange was the dullest of the year, transactions falling to 110,000 shares.

The course of the market was altogether in keeping with these apathetic conditions, trade deriving its sole support from further short covering on the moreful views entertained respecting Washington's attitude towards price control.

Dealings in rails were light, but mainly at higher levels. Specialties comprised the other strong issues. No features of especial interest were presented by the bank statement, actual reserves showing a decrease of about $7,000,000 and loans a decrease of $22,500,000.

BIRTHDAY OF LIEUT. GEN. BATES OBSERVED

Former Head of Army Receives Messages of Greeting on Seventy-fifth Anniversary—Saw Forty Years of Active Service

Washington, D. C. Aug. 25—Many messages of greeting were received today at the home of Lieut. Gen. John C. Bates, U. S. A. retired, in this city, in anticipation of the birthday anniversary of the gallant old soldier, who will be seventy-five years old tomorrow. Gen. Bates is a former chief of staff of the United States Army and one of the three lieutenant-generals on the retired list. Sharing the honor of highest rank with Gen. Bates are Lieut. Gen. Nelson A. Miles and Lieut. Gen. Samuel B. Young.

General Bates is a soldier who distinguished himself in the civil war, in Indian conflicts, in the struggle with Spain and later in the Philippines. Like a number of other officers who have distinguished themselves in recent years, he did not come into the regular service thru the West Point academy. He entered the army from his native State of Missouri at the outbreak of the civil war, and was on the staff of General Meade from Gettysburg until the close of the conflict. In the fights about Petersburg he took a distinguished part and for one specific instance of personal daring which came under the eyes of General Grant the Missouri soldier was given the brevet rank of lieutenant colonel.

At the close of the war Gen. Bates was, in actual rank, a captain of infantry. Then for thirty years he served at stations west of the Mississippi, and when the Spanish war broke out was made a major-general of volunteers. After going to the Philippines in 1889 he conducted campaigns in various parts of the islands and directed the negotiations by which the Sultan of Sulu acknowledged the domination of the United States.

In February, 1906, Gen. Bates was promoted to the rank of lieutenant general and appointed chief of staff in succession to General Chaffee. Several months later he was placed on the retired list at his own request, leaving behind him a distinguished record of more than forty years of active service.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

ANNOUNCEMENT

I hereby announce myself as a candidate for the Republican nomination for county commissioner at the primary election Sept. 12.

WILLIAM ROOK.

ILLINOIS COLLEGE NOTES

Mr. Ellis Spray, ex '16, was a visitor on the campus last week.

Professor John Dewey, the commencement speaker of last June, has an interesting article in a recent number of the "Republic" on "What America Will Fight For."

Word recently received indicates that Harold Tanner, the son of Professor and Mrs. R. H. Tanner, will probably recover from the injury received when an automobile truck ran over him a short time ago.

The National Board of Historical Service, an organization of the historians of the United States, has arranged for an essay contest on the causes of the war, in each of the states of the Union. There will be two sets of prizes, one for the teachers in the elementary grades and the other for the teachers in the high school. President Rammelkamp has been selected to act as chairman of the committee which is to judge the essays submitted by the elementary teachers of Illinois. The other members of the committee are Professor E. C. Page of the Normal School at DeKalb, and Professor R. M. Tryon of the School of Education of the University of Chicago.

Several students including both boys and girls are looking for opportunities to earn a part of their college expenses. Several of the girls are willing to take places in private families to work for their room and board. Any persons who are interested in securing this kind of help should communicate with President Rammelkamp.

Extensive repairs are being completed in the chemical laboratory. A new concrete ceiling is being put in and a new ventilating system installed. The laboratory will be greatly improved in appearance as well as in efficiency.

The exterior trimmings of Beecher Hall have been repainted, and this famous old building now presents an improved appearance.

Professor P. F. Whisler is spending a few days in town.

The college authorities are giving serious consideration to the problem of athletics and military training for next year. Before deciding these matters, they are endeavoring to secure additional information regarding the probable policy of other colleges in the state.

Considering the conditions created by the war, the prospects for new students seem unusually good.

ANOTHER DAY FOR HONUS.

Paterson, N. J., Aug. 25.—Baseball fans of Paterson and vicinity turned out in full force at Doherty Oval, Clifton, today for a celebration of Wagner Day, in honor of Honus Wagner, who was scheduled to appear in an exhibition game between the Pittsburgh Pirates and the Doherty Silk Sox. It was in this city that Wagner made his start in baseball. At the beginning of his career he played in the old Passaic County league, headed twenty years ago by Ed Barrow, now president of the International league.

WILL TAKE OKLAHOMA TRIP

John Shadid will leave tomorrow for Oklahoma for a visit of several weeks with relatives. He will spend some time with an uncle at New Wilson and a cousin at Carter, and will also visit a number of other cities in the state.

NOTED CATHOLICS MEET IN KANSAS CITY

Men in Forefront of Catholic Activities in U. S. and Canada Gather for Sixteenth Annual Convention

Kansas City, Mo., Aug. 25—Noted Catholic prelates, scholars, editors and laymen in the forefront of Catholic activities thruout the United States and Canada, gathered here today to the number of twenty thousand or more to attend the sixteenth annual convention of the American Federation of Catholic societies which will be in session thru August 29. Among the prelates expected to attend and take an active part in the convention are: Archbishops Messmer of Milwaukee, Harty of New Orleans, Mundelein of Chicago, Hanna of San Francisco, Glennon of St. Louis, Moeller of Cincinnati, and Christie of Portland. Upwards of twenty bishops are also expected to take part in the proceedings.

Monsignor Bonzano, the apostolic delegate to the United States, will celebrate pontifical high mass at the cathedral tomorrow, and Archbishop Hanna of San Francisco will preach the sermon. In the afternoon there will be a mammoth parade of all the Catholic societies of Kansas City and vicinity. In the evening there will be a mass meeting in Convention Hall over which Archbishop Glennon of St. Louis will preside.

The delegates will be formally welcomed in addresses to be delibered by Bishop Lillis of Kansas City and Mayor George Edwards. Response for the visitors will be made by John Whalen of New York City, president of the federation. The exchange of greetings will be followed by addresses by Monsignor Bonzano and Judge Martin J. Wade of Iowa City, Iowa.

Monday will be devoted entirely to the business of the convention, with a "Catholic Day" celebration at a local park in the evening. Tuesday morning a pontifical requiem mass will be said at the cathedral by Archbishop Harty of Omaha in memory of the deceased members of the federation. In the evening a meeting under the auspices of the social service commission will be held, with Bishop Muldoon of Rockford, Ill., presiding.

THIS DATE IN HISTORY.

August 26.

1757—The French took possession of Verdun.

1775—Americans opened their entrenchments on Plowed Hill, near Boston.

1803—U. S. frigate Philadelphia captured a Moorish ship of 22 guns.

1849—Hayti was proclaimed an empire under President Soulouque, with title of Faustin I.

1850—Louis Philippe, the former king of the French, died in exile in England. Born Oct. 6, 1773.

1876—Earthquake felt in many parts of Germany and Holland.

1889—English parliament passed an act for the prevention of mruelty to children.

1897—One thousand people were killed by a storm along the Sea of Asoz, Russia.

1905—The Russian and Japanese envoys at Portsmouth, N. H., reached an agreement on all points of the treaty of peace.

1911—Reciprocity treaty with Canada was signed by the United States; later defeated in the Canadian elections.

The War.

1914—Togoland surrendered to Great Britain.

1915—Germans captured Russian fortress of Olita.

1916—British aircraft dropped five tons of bombs behind the German lines. Austrian attacks in the Alps repulsed by Italians, according to report from Rome.

NOTABLE BIRTHDAYS TODAY.

August 26.

Colonel Chauncey B. Baker, U. S. A., transportation officer for the Pershing expedition to France, and now selected as chief assistant to Gen. Francis J. Kernan, chief of embarkation, is 57 years old today. Col. Baker is a native of Ohio and was appointed to West Point from that State in 1882. In 1886 he was promoted to a second lieutenant and assigned to the Seventh Infantry. During the war with Spain he served as captain and major of volunteers, and when he returned to the regular army was detailed to the Quartermaster's Corps, where he has since continued. Col. Baker has made an intensive study of transporation problems, both railroad and motor, and has perfected plans and specifications for army motor trucks that are expected to eventually standardize their manufacture. The first real tryout of his plans was made during the recent Mexican border troubles, when men and supplies were despatched without a single hitch.

Lee De Forest, one of the perfectors of wireless telegraphy, 44 years old today.

Congressman Richard W. Austin of Tennessee, 60 years old today.

Archbishop James J. Keane of Dubuque, 60 years old today.

Senator Joseph T. Robinson of Arkansas, 45 years old today.

Lieut. Gen. John C. Bates, U. S. A., retired, 75 years old today.

GOVERNOR'S DAUGHTER A BRIDE.

Winchester, Mass., Aug. 25.—A notable wedding today was that of Miss Margaret McCall, daughter of the Governor of Massachusetts and Mrs. Samuel W. McCall, and Alfred Hebbert Chappell, Jr., of New London, Conn., a recent graduate of Plattsburg. The ceremony was performed at Myopia Hill, the McCall family residence.

LITERBERRY CHICKEN FRY POSTPONED

The Literberry chicken fry has been postponed from Aug. 28th to Tuesday, Sept. 4th.

Jordan McAllister of the vicinity of Woodson made a trip to the city in his Ford car yesterday.

MAVERICKS

The price of beef is out of sight
Likewise the humble hog,
The poultry crop is also light
Please pass along the dog.

* * *

If the food situation remains as it is a man will soon have to join the army to get something to eat.

* * *

If Mr. Hoover reduces the amount of alcohol in beer two per cent some of it will be milder than the present soft drinks.

* * *

While Mr. Hoover will nominally be food dictator most of the dictating will be done by a man's pay check.

* * *

James A. Patton of Chicago in language more forcible than elegant expressed his opinion of Sherman, LaFollette and others who are catering to German sentiment in the United States senate. There are a lot of people in this country who think as Mr. Patton does whose religion prohibits them from expressing themselves.

* * *

If pork and beef keep on going up a horse steak or even a little roast dog will not be so awful bad.

* * *

One of China's generals is named named Chu Yam which sounds like one of the south's famous products.

* * *

Count Bernstorff, former German Ambassador to the United States has been assigned to Constantinople, which is a better fate than he deserves in the opinion of most of the American people.

* * *

A man nearing the century mark in age says that he has used tobacco and whiskey all his life. However, there is not much comfort to the young man of today who wishes to emulate his example as the prospects are the supply of whiskey will run out in a few years.

* * *

If Mayor Thompson keeps on airing his views of the country's war methods, Chicago may wake up some morning and find itself minus a chief executive. It probably would please a large portion of the population if such a thing should come to pass.

* * *

Some mathematician has figured out that the 1917 potato crop will furnish four and six tenths bushels for each man, woman and child in the United States. The only trouble is that there will be many who won't get their portion.

* * *

If you see a man with glittering eyes, nervously clinched hands and talking foolish just put it down as a tea jag which London papers say is appearing in that city now since alcoholic beverages became scarce.

LOS ANGELES READY FOR BILLY SUNDAY.

Los Angeles, Cal., Aug. 25.—Arrangements have been completed for the dedication here tomorrow of the tabernacle in which Rev. William A. Sunday is soon to begin his Los Angeles evangelistic campaign. A combined chorus of three choirs, aggregating 5000 voices, will participate in the dedication exercises.

In preparation for the evangelistic campaign which opens the season of 1917-1918 for Mr. Sunday, an army of 1000 personal workers is being trained. The advance men of the Sunday party have found proportionately fewer men enrolled in the Sunday schools in Los Angeles than elsewhere they have been, but they have aroused an enthusiasm which is expected to bring the total in such organizations to at least ten thousand within the next few weeks. The young business men of the city are said to be backing the movement well.

METROPOLITAN CHAMPIONSHIPS

New York, Aug. 25.—One of the best aggregations of star athletes mustered hereabouts in a long time appeared at Celtic Park this afternoon to appear in the outdoor championship games of the Metropolitan A. A. U. The winners of the different events will be rewarded with medals, and in addition will be given transporation to St. Louis where they will represent East in the national championships to be held at the end of this month.

BACKACHE SOON DISAPPEARED

Could Not Do Housework Till Lydia E. Pinkham's Vegetable Compound Removed Cause.

Fort Fairfield, Maine.—"For many months I suffered from backache caused by female troubles so I was unable to do my house work. I took treatments for it but received no help whatever. Then some of my friends asked why I did not try Lydia E. Pinkham's Vegetable Compound. I did so and my backache soon disappeared and I felt like a different woman, and now have a healthy little baby girl and do all my house work. I will always praise Lydia E. Pinkham's Vegetable Compound to women who suffer as I did."—Mrs. ALTON D. OAKES, Fort Fairfield, Maine.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened and read by women only.
